

Kerala Flood Relief Fund

The entire state of Kerala has been rampaged by the torrential rains and landslides since 8 August 2018. Submerging several villages and cities, the floods have crippled and damaged normal life and services. The city has been put under high alert and the entire nation is sending help to deal with this crisis situation.

From last few days, due to massive Flood in Kerala, many people died and many people are homeless. Maximum parts of this state damaged very badly.

Since it's our duty as a human being to help the state by donating some handful amount which may not fulfill all the needs of victims but may be needed to overcome from the flood.

You can donate as much you want. Your little donation may save someone's life and also help Kerala to come back to its previous stage.
