

Certificate Course of Basics of Language Science

INTRODUCTION ABOUT NPTEL

Our college is recognized NPTEL local chapter since June 2017. The NPTEL is an initiative by the central government and Indian Institute of Technology. The Latur city is known for its educational pattern but still the students from the remote area are unable to get high learning inputs. The NPTEL helped the students from our college to enroll for the NPTEL courses and exams. The NPTEL exam centers were only in metropolitan city but after enrollment of the Dayanand College of pharmacy's students in this examination the NPTEL has started exam centers in Latur city. Our faculty members are also enrolling for the NPTEL examinations and learning the new aids of teaching by attending NPTEL workshops.

ABOUT THE COURSE:

Language is an integral part of our identity in the sense that it defines our being. This course offers answers to most of the curiosities that comes to our mind when we think about how we acquired the capacity of language as a child. This course leads us into understanding the relationship between language, our mind, and the society that we live in. This course helps us deal with the three major aspects of language namely, structure at the level of sounds, words, and sentences, acquisition or learning of it, and the variations within and among languages.

COURSE LAYOUT

Lecture 1 - Introduction of the Course

Lecture 2 - What is linguistics? What is language? How do we study language?
