The report of Guest Lecture on “Drug Discovery & Drug Development”

Title: “Drug Discovery & Drug Development”

Speaker: Mr. Chopde Vitthal

Designation: Assistant professor , Modern College of Pharmacy, Nigdi pune

Objective: To guide our students about the Drug Discovery & Drug Development

Date: 11/09/2018.

No. of Students Enrolled: 64

Dayanand Education Society's, Dayanand College of Pharmacy, latur, organized guest lecture of Mr. Chopde Vitthal , Assistant professor , Modern College of Pharmacy, Nigdi pune. Dr. Kalmse V.M., Principal, welcomed him and given the brief information regarding the college then she requested to start the session. He discussed briefly is an educational forum that endeavors to provide a comprehensive overview of the drug discovery process against a back drop of the technology and research revolution and includes a horizontal overview of the disciplines involved in the drug discovery process and a vertical delve in to the critical elements of each discipline. Several technologies have been developed to rationalize the process by reducing duration, cost, and attrition rate, one of which is computer-aided drug design (CADD). CADD uses computing resources, algorithms, and 3D-visualization to help generate rational ideas about how to create or modify molecules, and to make decisions in the execution of the drug design process

His lecture was very mesmerizing for students. With very easy language and proper presentation he explained all the information to the students. His lecture inspired the audience.

Mr.Halke N.S., expressed the vote of thanks for interacting and sharing his views regarding the guest lecture with students in this session.
