Date: 16/10/2021.

Time: 02:00pm

No. of Students Enrolled:

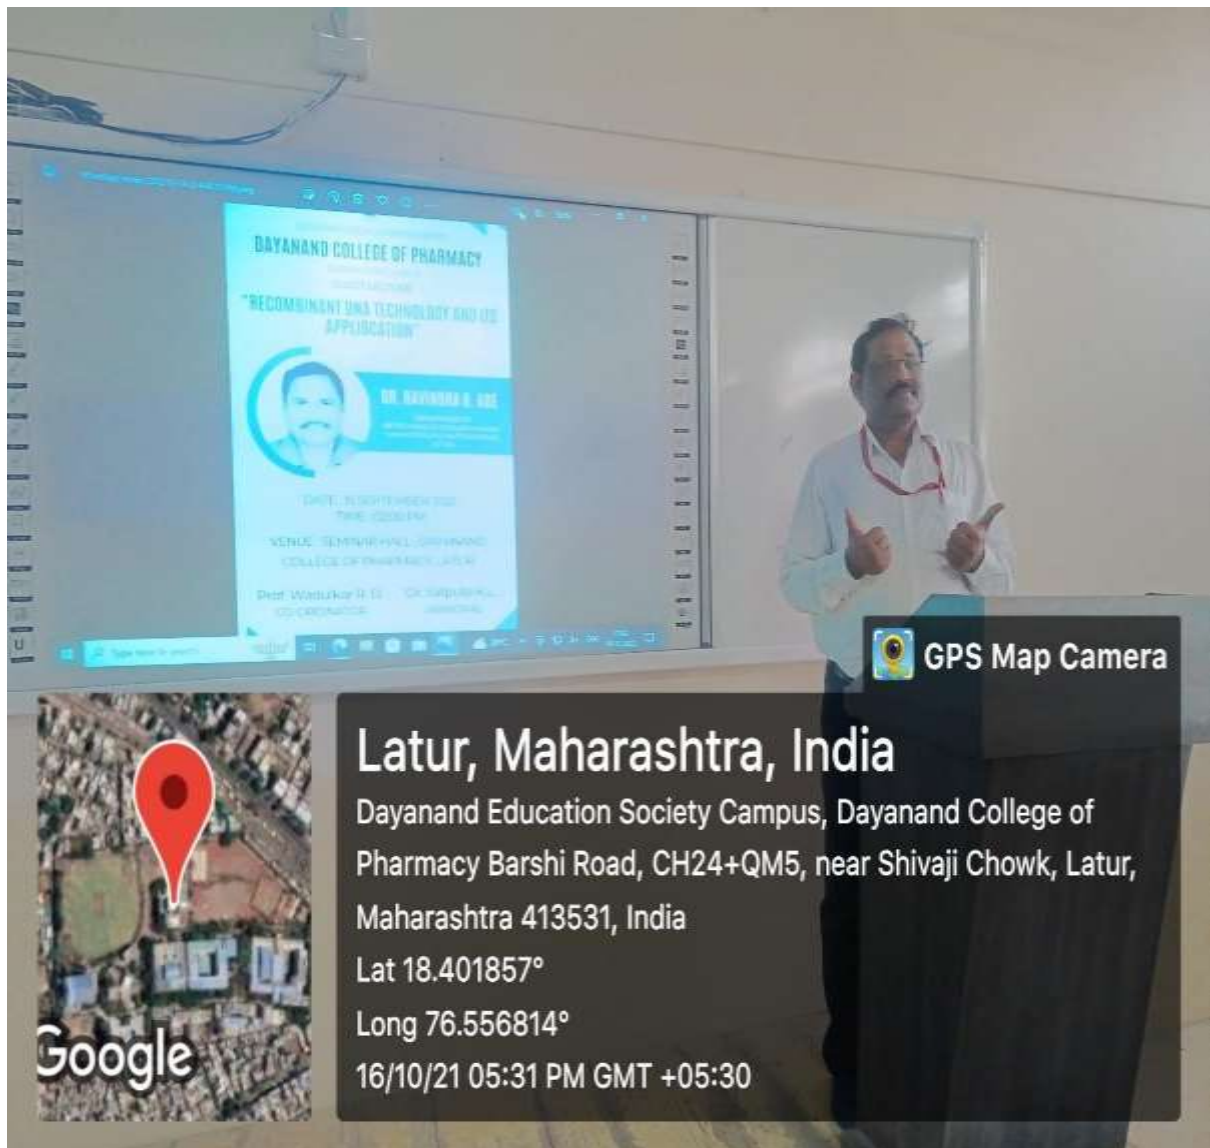

Objective:

1. The guest lecture is aimed to create awareness in students about the DNA technology and its application
2. The motto of this webinar was to enrich the knowledge of students to succeed in DNA technology
3. The objective behind organizing such guest lecture is to create awareness in students regarding DNA cloning
4. Students must get motivated to build up bright career in Recombinant DNA Technology.

Description of Activity:

Dayanand Education Society's, Dayanand College of Pharmacy, latur, organized guest lecture of Mr. Ravindra B. Ade. Dr. Satpute K.L, Principal, welcomed him and given the brief information regarding the college then she requested to start the session. He started with an overview of DNA is a form of artificial DNA that is made through the combination or insertion of one or more DNA stands, therefore combining DNA sequences as per your requirement, within different species i.e. DNA sequences that would not normally occur together. He also told about uses of genetics recombinant DNA technology like in Agriculture, Pharmacology, and Medicine. His lecture was very mesmerizing for students. With very easy language and proper presentation he explained all the information to the students. His lecture inspired the audience.

Mr. Wadulkar R.D., expressed the vote of thanks for interacting and sharing his views regarding the guest lecture with students in this session
