## PHARMACIST'S OATH

- I swear by the code of Ethics of Pharmacy Council of India in relation to the community and shall act as an integral part of health care team.
  - I shall uphold the laws and standards governing my profession.
  - I shall strive to perfect and enlarge my knowledge to contribute to the advancement of pharmacy and the public health.
  - I shall follow the system which I consider best for pharmaceutical care and counseling of patients.
  - I shall Endeavour to discover and manufacture drugs of quality to alleviate sufferings of humanity.
  - I shall hold in confidence the knowledge gained about the patients in connection with my professional practice and never divulge unless compelled to do so by the law.
  - I shall associate with organizations having their objectives for betterment of the Profession of Pharmacy and make contribution to carry out the work of those organizations.
  - While I continue to keep this oath unviolated, may it be granted to me to enjoy life and the practice of pharmacy respected by all, at all times!
  - Should I trespass and violate this oath may the reverse be my lot!
-

## Principal desk,

Greetings to you all to bring out the E-Alumni Bulletin 2022-23 released from the Dayanand college of Pharmacy Alumni Association, Latur. "Learning is a continuous process from the minute we are born, until we die." College provides a platform for every student to develop strong bonding & healthy relationship with with alumni through E-Alumni bulletin. It should be a good source of guidance for faculty and coming batches of students in choosing activities of their choice in their future for building their career. The most cherished memories are always of the Alma-mater. The college is the golden period of life. DCOP will be privileged to know the progress of our students after leaving college and this portal will be a great platform to share ideas as well as learn about the progress made by our alumni. Connecting to one's alma mater is always a great emotional feeling and the college shares this sentiment and is elated when it gets to know about the various achievements of its former students after leaving college. We fondly remember the meaningless giggling and the silly mistakes and pranks. The affectionate chidings, the words of wisdom of teachers still haunt and the longing always remains in the heart to revert back to college days and relieve those moments. The clock can be turned back, not by being a student again but by joining the Alumni Association. It is re-exploring the relationship of past.

You are the brand ambassadors of our institution, in fact, the significant stakeholders. Together, we can tread on the path to provide the best learning experience to our learners and help them carve out a successful career for themselves. I am Happy to Share you all that Our college has starting post graduation M Pharmacy course in four branches i.e. Pharmaceutics, Quality assurance, Pharmacology & Drug regulatory affairs .

I hope, you will continue to contribute to the Institution's growth in whatever way you can.

**Dr. Satpute K. L.**  
Principal

## Alumni Coordinator desk

**Dear Alumnus,**

I am very glad to reach you through this E-Alumni Bulletin 2022-23. Today, when we turn on the radio or the television, open our morning newspapers or surf the Internet for any success story in some corner of the world, we happily expect one of our proud alumni to be the author of that story. The zeal and love of ex-students for their alma mater are praiseworthy. Alumni of the institute take active part in mentoring the current students, to groom and build their careers and raise funds for the institute development activities at large. It gives me immense pleasure to see this bonding getting stronger with the passage of time. Our alumni network has managed to create a global impact with its significant presence overseas. The global outreach of our alumni has helped the institute to gain international recognition.

Ours is a bond of a lifetime. The campus may have let you go, but we expect you to come back – though some of you do come back every year to contribute in various activities of institution and motivating the current batch of students and become inspiration to them. To realize these objectives, the Institute has initiated an active Alumni Portal, the primary communication link between you and the Institute. This will help us in staying connected participate in and support the programs, services, and numerous campus activities and events. We recognize, acknowledge, and embrace our alumni as vital stakeholders in the developments of the Institute and to take it to even greater heights. We also encourage each alumnus friend to be a brand ambassador in his/her domain, by assisting with the recruitment of students and by supporting programs by investing your time, talent, and treasure.

Wishing you and your family members all the very best, good health and safe days ahead.

## Alumni President Desk

### President Desk

It is an honor to serve as President of the Alumni association of Dayanand College of pharmacy, Latur. I stand on the shoulders of a line of very dedicated alumni of our college. I am grateful for the help and moral support of the alumni each of whom brings distinct gifts and talents to our organization. The mission and commitment of our Alumni Association remains the same, to keep our alumni connected to our college, with each other, and to support the students who will follow as future pharmacist. Building on traditions from the past, creating new ones and refocusing our efforts to build upon a strong history and foundation will be our goal as we move forward. We have many initiatives planned for the coming years and many projects in the pipeline to increase member benefits and interaction, student welfare. One of our goals is to preserve a mutually beneficial, enduring relationship among alumni and with the College. We are excited about the direction and future of the Dayanand College of pharmacy Alumni Association and look forward to serving and sharing information with you, throughout the year. Alumni of the institute take active part in mentoring the current students, to groom and build their careers and raise funds for the institute development activities at large. It is a matter of great pride that our alumni are not only concerned to the well-being of each other, but also are eager to help our current students to reach newer heights through guidance and motivation. It gives me immense pleasure to see this bonding getting stronger with the passage of time. Stay connected.... Take part..... Join hands with DCOP..... Let's create a better tomorrow.....

Thanking you  
**Dr. Yelmate A. A.**  
President

## Alumni Secretary Desk

**Dear Alumni,**

On behalf of the Alumni Secretary Desk, I wanted to take a moment to express our heartfelt greetings to all of you. As alumni, you hold a special place in our institution's legacy, and we cherish the bond we share with each one of you. As the Alumni Secretary Desk, we are dedicated to fostering a strong network among alumni and nurturing relationships with the institution. We are constantly working to create opportunities for engagement, collaboration, and growth. We organize reunions, networking events, and professional development sessions to help you stay connected with your alma mater and fellow alumni. We encourage you to update your contact information and provide us with any news or updates regarding your personal or professional milestones. We would be delighted to share your success stories and achievements with our community through our alumni publications and online platforms. Remember, you are an integral part of our institution's legacy, and we are here to support you in any way we can. If you have any suggestions, ideas, or if there's anything we can assist you with, please do not hesitate to reach out to us.

Thank you for your continued support and for being an invaluable member of our alumni family. We look forward to hearing from you soon and hope to see you at our upcoming events.

With warm regards,

**Mr. Naresh S. Halke**  
Alumni Secretary

## **Vision**

**"To nurture the future pharmacists with focused approach for overall professional development and excellence"**

## **Mission**

- 1) To inculcate the academic and research environment amongst staff and students.**
- 2) To maintain high standards of pharmacy education through excellent infrastructure and learning resources.**
- 3) To provide the students all the learning facilities along with understanding of ethical values and morality.**
- 4) To develop the students to face the challenges of the academia, industry and society.**

## **Program Education Objectives**

- 1) Pharmacy Graduate prepared for higher studies and career growth.**
- 2) Pharmacy Graduates encouraged to acquire knowledge and competency as per the need of pharmaceutical and allied industries.**
- 3) Pharmacy Graduate motivated to serve the community by creating awareness about social and healthcare services.**

## Alumni of the month

This is the initiative taken by the Dayanand Pharmacy Alumni Association in order to get a platform for current & pass out students. This platform helps to get information about the current professional achievements of the college alumni. It ultimately helpful for getting information about the current trends & opportunities in the field pharmaceutical sciences.

### **-Objectives-**

- To provide the platform for getting information about current professional growth of alumni of this college.
- To establish a strong relationship through which Alumni of the college can keep in touch with the current & pass out students, faculty of the college.
- To understand the needs & challenges of Pharmaceutical Industry.
- To get information about current scope & opportunities in the emerging various field of pharmaceutical sciences.

### **-Outcomes-**

- Students will get information about college alumni professional growth & achievements in their concerned fields.
- Current students will get knowledge about the new developing era of pharmaceutical field.
- Students get enriched with novel research & inventions made in the pharmaceutical industry as well as in Academics.
- It helps to create strong bonding between current students with the alumni of this college.

# Alumni Interaction

## SEMINAR | MEET THE ALUMNI SERIES 2

### Topic

Basics of clinical research

### Speaker

**Mr. Shrikrishna Suryawnsi**  
eTMF Specialist - 1  
Cliantha Research Ltd.

### Date & Time

12-11-2022 02:00PM

### Venue

Seminar Hall,  
Dayanand College of Pharmacy, Latur.

[WWW.DAYANANDPHARMACY.ORG](http://WWW.DAYANANDPHARMACY.ORG)

Expert talk by Alumni Mr. Shrikrishna Suryawanshi

# Alumni Interaction

Felicitation of Alumni Mr. Kadri Hussain

Welcome of Alumni Mr. Shrikrishna Suryawanshi

## Alumni Visit in college

Felicitation of Alumni Mr. Rushi Somani

## Alumni Speak

Getting admission in DCOP was one of the best things that happened in my life. The college has a well advanced infrastructure, all equipments which is required for practical, computer lab, & well stocked library with lots of pharmaceutical journals and sports facilities. All the teachers are qualified and experienced they teach us with great care and love. They don't just teach the book stuff but will also give you guidance on how you can bring a change in the society. They will make you feel that you have a lot of potential and you just need to realize it. There is a friendly environment in the campus. I am glad to be in such a beautiful and amazing place. I am really grateful to my teachers who have changed my whole aspect towards learning. I express my heartfelt thanks to the institution for giving me the perfect opportunity to explore myself.

**Mali Supriya**  
Lecturer,  
Dayanand Institute of Pharmacy,  
Latur.

# Empowering Lifelong Learning with SWAYAM NPTEL

## Introduction:

In the rapidly evolving landscape of education, online learning platforms have emerged as powerful tools for knowledge dissemination and skill development. Among these, SWAYAM NPTEL (National Programme on Technology Enhanced Learning) has carved a niche for itself by offering high-quality, accessible, and free online courses. Let us delve into the world of SWAYAM NPTEL and explore how it is revolutionizing the learning experience for individuals across the globe.

## Unparalleled Course Content:

SWAYAM NPTEL stands out due to its extensive library of courses covering a diverse range of subjects, particularly in the fields of science, technology, engineering, and mathematics (STEM). Renowned professors and experts from premier Indian institutions deliver these courses, ensuring a high standard of education. The well-structured modules, comprehensive study materials, and engaging video lectures create an immersive learning environment for learners.

## Flexibility and Accessibility:

One of the greatest advantages of SWAYAM NPTEL is its flexibility. Learners can access the courses at their convenience, allowing them to balance their professional and personal commitments. The platform offers both self-paced courses and scheduled courses with specific timelines, enabling learners to choose their preferred learning mode. Additionally, the mobile-friendly design of SWAYAM NPTEL ensures that learners can access the courses anytime, anywhere, using various devices.

**Certification and Recognition:** it provides learners with an opportunity to earn certificates upon successful completion of courses. These certificates are recognized by prestigious academic institutions, government organizations, and industries, adding value to learners' resumes and career prospects. The rigorous assessments and evaluation methods employed by it ensure the credibility and authenticity of the certifications, instilling confidence in learners' knowledge and skills.

**Promoting Lifelong Learning:** it embodies the philosophy of lifelong learning. It offers a platform for individuals from all walks of life, including students, professionals, and enthusiasts, to upgrade their knowledge, explore new subjects, and expand their horizons. Learners can choose courses based on their interests, career goals, or the desire for personal growth. The availability of specialized and advanced courses enables individuals to develop niche skills and stay ahead in their respective domains.

**Collaborative Learning Community:** it fosters a sense of community among its learners through discussion forums, peer-to-peer interaction, and expert guidance. Learners can engage in meaningful discussions, clarify doubts, and share perspectives with fellow participants from diverse backgrounds. This collaborative learning environment enhances the overall learning experience and encourages the exchange of ideas and experiences.

**Conclusion:** it has transformed the educational landscape, democratizing access to high-quality courses and empowering individuals to pursue lifelong learning. With its vast array of courses, flexibility, recognition, and collaborative learning opportunities, it has become a go-to platform for individuals seeking quality education and skill development. By embracing it, learners can unlock their true potential, bridge knowledge gaps, and embark on a continuous journey of intellectual growth.

**Mr. Rakh Limbraj B.**  
(Alumni Batch of 2016)  
Assistant professor  
Department of Pharmacognosy  
Dayanand College of Pharmacy,  
Latur.

# Advancing Healthcare: The Promising Frontier of Pharmacy Research

## Introduction:

Pharmacy research plays a vital role in the continuous advancement of healthcare, striving to improve patient outcomes, enhance drug safety, develop innovative therapies, and optimize medication use. The field of pharmacy research encompasses various disciplines, including pharmacology, pharmaceutical sciences, clinical pharmacy, and pharmacy practice. With the relentless pursuit of scientific knowledge, researchers are exploring new frontiers and making significant contributions that shape the future of pharmacy and patient care. In this article, we delve into the exciting realm of pharmacy research and highlight some recent breakthroughs that are transforming the healthcare landscape.

**Precision Medicine: Tailoring Treatment to Individual Needs** Pharmacy researchers are at the forefront of the precision medicine revolution, aiming to personalize treatment strategies based on an individual's genetic makeup, lifestyle, and environmental factors. Through pharmacogenomics, scientists study how genes influence an individual's response to medications, allowing for personalized drug selection, dosage optimization, and identification of potential adverse reactions. This groundbreaking research helps maximize the efficacy and safety of medications, leading to improved patient outcomes and reduced healthcare costs.

**Novel Drug Discovery and Development** Pharmacy researchers are constantly striving to discover new therapeutic agents and optimize existing drugs.

Using cutting-edge techniques such as computer-aided drug design, high-throughput screening, and molecular modeling, scientists identify promising drug candidates and assess their potential effectiveness. Additionally, researchers explore innovative drug delivery systems to enhance drug bioavailability, reduce side effects, and improve patient compliance. These advancements are crucial in addressing unmet medical needs and providing novel treatment options for various diseases.

**Pharmacovigilance and Drug Safety Monitoring** The safety and efficacy of medications is a critical aspect of pharmacy research. By analyzing real-world data, conducting post-marketing surveillance, and collaborating with regulatory bodies, researchers can identify and address potential risks associated with drugs. This proactive approach helps prevent adverse drug reactions, identify drug-drug interactions, and ensure patient safety. Moreover, pharmacy researchers contribute to the development of standardized protocols and guidelines for safe medication use, benefiting healthcare professionals and patients worldwide.

**Advancements in Pharmacy Practice and Patient Care** Pharmacy practice research focuses on optimizing medication use, enhancing patient care, and improving healthcare systems. Researchers investigate medication adherence, medication therapy management, and the impact of pharmacist interventions on patient outcomes. They also explore strategies to enhance medication counseling, patient education, and interdisciplinary collaborations. By bridging the gap between research and practice, pharmacy researchers are shaping the future of pharmacy services, ultimately leading to better patient experiences and health outcomes.

**Global Health and Access to Medicines** Pharmacy researchers actively address global health challenges by promoting equitable access to essential medicines. They study the affordability, availability, and quality of medications, particularly in underserved populations. Furthermore, researchers explore innovative approaches to optimize drug procurement, distribution, and supply chain management. By generating evidence-based solutions and advocating for policy changes, pharmacy research contributes to improving healthcare equity and ensuring that life-saving medications reach those who need them the most.

Conclusion: Pharmacy research serves as a cornerstone of progress in healthcare. It drives innovation, improves patient outcomes, and enhances the practice of pharmacy. From precision medicine and drug discovery to drug safety and patient care, researchers are continuously pushing the boundaries of knowledge and revolutionizing the way medications are used. The collaborative efforts of pharmacists, scientists, healthcare professionals, and policymakers are crucial in translating research findings into tangible benefits for patients worldwide. As pharmacy research continues to evolve, we can look forward to a future where healthcare is personalized, safe, and accessible for all.
