From Principal's Desk

"If you want 1 year of prosperity, grow grain. If you want 10 years of prosperity, grow trees. If you want 100 years of prosperity, grow people."

It gives me immense pleasure to present sixth edition of the annual magazine, "Antarang," a vibrant tapestry of the creative spirit that thrives within our college students. This publication is a testament to the multifaceted talents of our students, showcasing their artistic prowess, intellectual acumen, and literary brilliance.

"Antarang," meaning 'innermost feelings', aptly captures the essence of this magazine. It is a platform where our students can express their thoughts, emotions, and aspirations freely. The diverse range of articles, stories, poems, and artwork presented here reflects the rich tapestry of our college life. . It represents the different colours of our young minds and also reflects the mirror image of all sorts of activities under taken by the institution during academic year.

Empowerment of students for their all-round development through education is our cherished motto as endless limit for success. The role of a college is not only to pursue the academic excellence but also to motivate and empower the students to be lifelong learners, creator, critical thinkers, and productive members of an ever-changing global society. Converting every individual into a self-reliant and independent citizen, our college provides a fusion of academic and extracurricular activities. Recently college has been accredited by NAAC with A+ grade having 3.35 CGPA in first cycle. Research scholar perceiving Ph.D. under SRTMU Nanded can avail Research centre facility At Dayanand College of pharmacy from 2024-25. The College also concentrate on several innovative practices and new collaboration with pharma industry to provided practical training and placement to future professionals and budding pharmacists.

We inherited a strong foundation to march ahead and achieve the within mentioned education objectives for a stronger and brighter India. Measures initiated by the Hon. Management, steps taken by the college administration, the willing contribution of the teaching and nonteaching staff and over whelming response and enthusiastic participation of my dear students in the college activates in the recent past all assure for this.

I am proud of being the principal of such a wonderful institution on dedicated to the causes of better India. I commend the editorial board and all the students who have contributed to this remarkable endeavour. Your dedication and hard work have resulted in a truly inspiring magazine. I may be failing in my duty if not acknowledging efforts of Assistant Professor Mr. Rakh Limbraj editor annual magazine and Committee for their innovative refreshing input's results in the magazine. I hope that "Antarang" will continue to be a source of inspiration for generations to come.

Congratulations to the entire team for creating such a wonderful magazine!

Editorial Message

Dear Reader's

"What is written with truth and care touches hearts without permission."

It is with immense pride and joy that I present to you the sixth edition of *Antrang*, our college's annual magazine — a vibrant canvas that reflects the voices, visions, and vitality of our academic family.

Antrang, meaning 'from within', continues to be a platform where thoughts transcend boundaries, creativity finds expression, and knowledge breathes through every word and image. This edition stands as a testament to the passion and participation of our students, faculty, and alumni — who have contributed with their poems, articles, artwork, research reflections, and achievements.

This year's theme revolves around growth, innovation, and inner transformation — qualities that define not only our institution but also each student navigating their personal and professional journey. Amid academic rigor and extracurricular excellence, this magazine captures the spirit of curiosity, resilience, and creativity that runs through our campus.

I express my sincere gratitude to our beloved Principal Dr. Satpute K. L., contributors, editorial team, faculty mentors, and administration for their unwavering support. I would also like to give special thanks to Mr. More Ishwar, Mr. Kale Pramod and Mr. Jadhav Sagar for designing and DTP work for *Antarang 2025*. Your efforts have shaped *Antarang* into more than just a magazine — it is a memory, a celebration, and a mirror to our collective identity.

As you turn the pages, I invite you not only to read but to reflect, to connect, and to be inspired.

Warm regards,

Mr. Rakh L. B.

Dreams.....

Hold fast to dreams
For if dream die
Life is a broken – winged bird
That cannot fly...
Hold fast to dreams
For when dreams go life is a barren field
Frozen with Snow...

Awaken me

Ooh, open my mind and let light Pour in,
That never been open, and let truth begin,
open my heart & let love Flow Free,
That never been tender & set my soul to be..

open up things, that I have left behind
The word unspoken, the love unkind
open up the things that I have yet to say.
And let Silence scream, in new way..

open me to think again,
To see world, with eyes again,
open up me to my own voice,
To speak my truth, to make some noise..

Oh, open me up that never been had,
And let winds of change, Sweep through my Pad,
Let my heart be free, my mind be bright
And let my soul take Flight into light...

Moments To Treasure : A College Life Retrospective....

College life, those golden days
Where every moment with friends was priceless
We learned we discovered we achieved
College life, that precious time.
Sitting in class, we listened to our teachers
Made note, learned, and understood
Made projects, worked, and achieved
College life, that time of experience
Danced at fests, song, and had fun
Made memories with friends
In the college canteen, we had tea and talked
College life,

those priceless moments.
Set in the library, read books
Collected a treasure trove of knowledge
College life, that time of learning
Where we learned, discovered and achieved
Now college life, those days are gone
But memories still remain, etched in our hearts
College life that precious time
Where we learned, discovered, and achieved.

I CAN

DO IT

Positive Approach...

Teary eyes and face with a frown,
I was sitting alone at the beach
Looking at the sand light brown,
Thinking about my life and breach.

Looking at a boy running around,
Playing with his dog I found
Sitting beside me he said,
Your face so sad what made?
Stupid situations of my life,
Feel like killing them with a knife

He said look around for a while,
There is so much for you to smile
Look at the colourful balloons,
They teach us sometime true.
They say not every day is a bright boon,
Grey days will one day get a sue.
Waves tell you to never stop,
Life is like a beautiful brooch.
One day will reach the top,
Just wear it with positive approach.

Success...

Life is tough for everyone
For some its even tougher
However rough you think it is
Don't think it can't get rougher

But take a tip from one who knows
Your life you can enhance
But you'll get no guarantee from me
Should you leave it all to chance

If is a better life is what you seek
You have to make it happen
Decide on what you really want
And pursue success with passion

A positive mind is where you start
Belief in your potential
A will to do whatever it takes
That too is quite essential
You have power to change your life
Success you can pursue
With grit and determination
And the talent Nature gave you....

Don't Judge A Book By It's Cover...

Do not judge me from the outside, because all you will see is my stupid pride. It's like the saying don't judge a book by its cover, any image may be scary, but I'm not like any other.

Persons you've met, someone you know just because you've heard it, doesn't mean you know exactly what I'm going through how much I've been hurt, stop judging my appearance, and treating me like dirt. Open your eyes. And you may see that what's on the outside is not what I may be actually, what I'm not at all, please stop judging me by the outside of my book and maybe if you took your time for a start, you'd see that the outside does not reflect my heart...

Nature...

I am a human
I'm tired from cities,
I am going to nature
To find peace.
Long and shady trees
And that cool Breeze
Made me relax and calm,
And found tree of palm
The plain ground,
With flora and fauna
And silence all over the area,
Made me feel peace.
The clouds were as light as air,
And blew with the wind
And the sun set
Was the day's end.

Social Media...

In this modern world, social media has occupied as separate place in our life. It has become a part of our life. Generally, social media is a group of websites or applications where we can share our thoughts, ideas, moments and different information in no time. The use of social media plays a vital role in globalization and it has brought a remarkable change in the field of communication.

But there are both advantages and disadvantages of social media. Lots of people think that social media is a blessing for us, but some others consider it as a curse on human civilization in the name of advancement of technology. No doubt due to the popularity of social media now we can get united in a way short time, can take opinion from different people on an issue in just a click, but we have all a it nessed different anti-social activities those are fueled by social media. So, the discussion on whether social media is the discussion on whether social media is a boon or curse for us will go on always.

Social Media is a group of websites an application that provides their uses to communicate with each other through it. And social media allows all people to create private accounts that give them the ability to create and share content through it. This content is represented in videos photos, groupgames, and written texts as well as providing an opportunity for other to interact with this content.

Basically, the internet has introduced an interchanges upheaval or essentially quickened the progressions presented by the message, phone radio, Motion pictures, and TV.

Undeniably the internet provided a substance with attributes that are totally novel and particular form past strategies for communication.

The internet is basically a decentralized, self-maintained telecommunication organization it consists of connecting little networks from all around the world. This is a word that perceives that the interrelationship made by the internet exist outside regular geographic limits and involve a solitary interconnected group of information, possibly adding up to a solitary assemblage of information the internet is available in basically all sports on earth where access can be required either by wire association or by remote counting satellite joins. Viably the main limitation on admittance to the internet is the ownership of the methods for tying down the association with a broadcast communication framework and ownership of the fundamental equipment.

The software, which is utilized to get to the internet browser. Has been put straight forward, thus, it tends to be easily learned, utilized, and developed, internet network access has direct connectins of association with other media. For instance, news and oher magazined, distributing houses have brodpned their business with the assistance of internet services.

Clearly, interaction via the web is flexible. It encourages communication through all kinds of contents, text, voice and video as well. These products can profit at the instituion and individual levels.

Women Empowerment....

Women empowerment is an important thing that needs to be accomplished. The rights and freedom that women have today are the result of fight that the empowered women fought against it.

Women's empowerment can be defined to promoting women's sense of self-worth, their ability to determine their own choices, and their right to influence social change for themselves and others.

It is closely aligned with female empowerment a fundamental human right that's also key to achieving a more peaceful, prosperous world.

In western countries, female empowerment is often associated with specific phases of the women's rights movement in history. This movement tends to be split into three waves, the first beginning in the 19th and early 20th century where suffrage was a key feature.

The second wave of the 1960s included the sexual revolution and the role of women in society.

Third wave feminism is often seen as beginning in the 1990s. But despite a great deal of progress. Women and girls continue to face discrimination and violence in every part of the world. "There is no limit to what we, as women, can accomplish." There is no force more powerful than a woman determined to rise. Women empowerment is one of the most critical and essential things that everyone should support. It is when women are given the most power and right to make decisions for themselves. Women have been subjected to injustice through decades. They have been treated as non-existent for decades. Women were else was always making decisions for them. This is one of the biggest reasons for women's empowerment.

It was one of the essential things which were that need of the hour. Women were made aware of their rights. Along with their rights, women were taught how to be self-independent in all aspects of their lives. They were taught how to create a space for them where they can grow and become the people they want to be. The men always had all the right. However, the women didn't have any

of these rights, even a small right like voting. Things changed when women realized that they, too, need equal rights. A big problem that women face is that there is a lack of education to women are discouraged from pursuing higher education in the country. Along with that, they are moment early. The men dominating the women think that the role of women is limited to work for them.

They don't let these women go, and these women have no freedom. The need for women empowerment is one of the most significant needs of the hour.

There are many ways in which women can be empowered. People should be united together to make the reality of the women empowerment. One of the significant steps towards. Women, education should be provided and encouraged so that more women can be literate. The education that they receive is going to help them pursue what they want to pursue. Women can have the life that they want to have and be happying it. As NCC cadets we must make awareness among the women to overcome their fear and fight for the education and rights that they deserve.

The Alchemy of Nature...

To see a world in a grain of sound
And a heaven In a wild flower
Hold infinity in the palm of your Hand
And eternity in an hour.

We instinctively turn to outdoor activities and nature as a way of relaxing and enhancing our wellbeing nature soothes and nurtures. Nature fulfills and motivates. Nature whispers and commands are you listening?

When I do, it Leaves me in complete awe we have a hibiscus plant in our garden. Every fortnight flower blooms on it- big bright and tender. Through the day it smiles with the sun and dances with wind. But as evening approaches. It starts wilting. The morning after. It withers completely and by evening it falls and becomes one with the earth again. The flower comes to life only for a day, yet it does so in full splendour. What if we too lived our life however short to it's fullest?

We went to a rocky beach and saw the spread of the majestic ocean and the rocks alongside. Varved, sculpted and shaped by the water water is so gentle rock so hard. Yet it does so in full splendour. It takes the shapes that the water commands our problems are so colossal and we are so small, yet it persists..

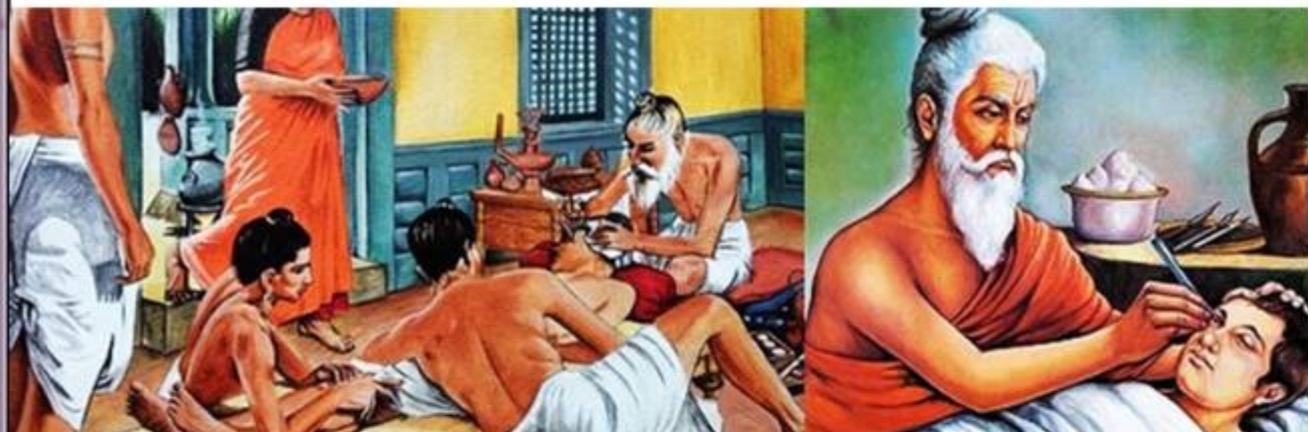

We saw small bits of grass peeping through the small cracks in a concrete pavement. It left us thinking. However impossible things may look there is always an opening.

We saw a tree bare of all leaves in the cold winter months we thought it's chapter was over but three months passed. Spring came and the tree was back to its green majesty once again full of leaves. Flowers Birds and life. What if we too had the conviction that however difficult things are right now, it will not remain so for ever. Remember this too shall pass.

We saw an army of ants lugging a fly which was at least ten times the ants' size the ants organized themselves around the fly, lifted it on frail feelers and carried it to quite a distance. Their teamwork and perseverance were impressive what if we too are persistent, organized, focused. Spider webs are delicate yet very strong A rainbow colours the entire sky. Oysters take in a grain of sand they open up with a pearl. Innumerable stars shine across the infinite sky. Clouds take new shapes with every passing moment/ The wind makes trees dance with unhindered passion. Water without hint of ego. Changes its according to the dictates of the sun and the wind. When we see a caterpillar turn into a butterfly a flower turn into a fruit. We experience the alchemy of nature. We touch it and become gold ourselves.

The Alchemy of Healing : How Pharmacy Evolve through The Ages...

Pharmacy has always been more than just medicine. It's a journey – a deep, ever evolving story that connects the wisdom of ancient civilizations with possibilities of tomorrow's technology. The practice of preparing and dispensing remedies is one of humanity's oldest traditions, and yet it remains one of the most forward-looking professions in modern healthcare. From herbs and handwritten scrolls to microchips and nanotechnology, Pharmacy has continuously transformed in response to the needs of society and pushing the boundaries of science.

In the early days our ancestors relied on nature to heal. Ancient Egyptians recorded over 700 remedies in the papyrus, and Indian Ayurvedic practitioners used plants like ashwagandha and turmeric to treat both physical and mental health. In China, herbal combinations were carefully crafted laying the foundation for pharmacognosy – the study of natural drug substances. Also Yin and Yang which represent the dual nature of all things and their interaction is thought to create balance and harmony in the universe.

As civilizations advanced, pharmacy became more structured. The Islamic Golden Age introduced the first distinctions between pharmacy and medicine, with scholars like Al-Razi and Ibn Sina emphasizing ethical drug preparation and classification. By the medieval period European apothecaries were experimenting with distillation, refining their craft long before modern science could explain it.

The 19th and 20th centuries marked the turning point. With the discovery of antibiotics like penicillin, pharmacy became a vital part of modern healthcare, moving from a largely herbal practice to a science-based profession, mass accessible, and pharmacy took on new responsibilities, from patient education to clinical counseling.

Today, pharmacy is more precise than ever. We're entering the age of personalized medicine where drugs are tailored to an individual's genetic makeup, environment, and lifestyle. Pharmacists are not just pill dispensers but vital members of healthcare teams, offering expertise in drug interactions, therapy management, and patient care.

And yet, the future promises even greater transformations. Nanomedicine, where tiny particles deliver drugs directly to diseased cells, is set to revolutionize treatments for cancer and other complex diseases. These innovations could one day make current drug delivery methods obsolete.

From grinding herbs in ancient temples to designing molecular machines in modern labs, pharmacy has always been a field that evolves and innovates. As students, we're not just inheriting this legacy – we're carrying it forward, embracing the challenges and possibilities that the future of pharmacy holds.

The Rise of Artificial Intelligence And It's Impact On Our World....

Artificial Intelligence (AI) is no longer just a futuristic idea. It is part of our everyday lives. From smart assistants like Siri and Alexa to advanced algorithms in healthcare, transportation and finance, AI is changing the way we live and work. But as this powerful technology grows, so do its effects, both positive and negative. Understanding Artificial Intelligence (AI) refers to the ability of machines to mimic human intelligence. It can analyze data, recognize patterns, solve problems and even make decisions.

Positive Impact of AI :

1. **Education :** AI-powered tools personalize learning by adapting to each student's pace and style. Virtual tutors and automatic grading also ease teachers' workloads.
2. **Business :** AI boosts productivity through automation, better customer service and smarter decision-making based on data analysis.

Challenges and Concerns :

1. **Job Displacement :** Many fear that automation could replace human jobs, especially in industries like manufacturing and retail.
2. **Privacy Issues :** AI collects and processes huge amounts of data, raising concerns about how personal information is used and protected.
3. **Control and safety :** As AI systems grow more powerful, ensuring they act

Artificial Intelligence is transforming the world, offering new possibilities and posing serious challenges. Its impact is already visible and will only become more significant in the years ahead. By understanding and guiding AI's development, we can harness its power for good, creating a future where technology supports human progress.

Today's College Students

Who are the college students of today? Leving and cureton (1998) suggested that the major change in academy in Recnt year in the students less than 17% of college students are traditional students classified as between the ages of 18 and 22 full-time and residing on Campus. Today's college students are professional or more diverse, influenced in the past by various political and social experiences, Fowsed more on professional carrer while in need of academic Remediation, more in need of psychological assistance, and interact with other differently then previous college students.

What do today's college students Wants from an education? Levine and cureton suggested that the major change cimed that education is not as important to today's college students as it was to prior student cohorts. A college education has become just one more activity for students to juggle each day . Today students want their colleges close by and classes that offered when it is convinient for them.

They want parking that is Handy; they do not want to have to wait in lines; and they want to deal with courteous; cooperative , and competent employes they except colleges to run customer services like other business run their customer like services. Their attention is on ease , value assistant, and price.

They do not trust the nation's influential or the societal organization. They percieve that there are challenges everywhere. Furthermore, they have decided that they cannot ignore these challenges. Essentially, todays college students are not happy that they will have to resolve thee challeges which they did not create.

What are the graduation rates of college students todays? The 2013 graduation rate for first time (a student who has no prior post secondary expenence) full- time undergraduate students who began earning a bachelors degree at a 4 year degree granting institution in fall of 2007 was 59% In other words 59% of all first time full – time students who began earning a bachelor degree at 4-years Institution.

While First –time undergraduate students who began to earn a bachelor's degree at 4 years degree-granting institutin. And 32% at private for profit instituions The 6 year graduation rate was (56% for males while 62% for Females) The graduation Rate is Higher for female than for males at both public (60% VS 55%) As college student deliberately stay in college postponing graduation.College strive to improve their 4 years graduation rates.

The purpose of these paper was to identify the demographics of today's college studens. This study is significatn because understanding who these students are and what they desired the require from college is critical for higher education. College have a duty to society it serve to make education available for students to be in the best position to lead in future it is important to know who they are and what they desired and require from in higher education in order to able to provide them with appropriate college education to meet their needs and wants.

The youth is specially one of the dominant users of social media. Being in the 21st century it enables human relationship through technology sometimes it is difficult to know how much our lives have changed until we stop and look at how different things are compared to five or ten years ago.

Honestly teens couldn't imagine their life without it without a doubt the age of social media have brought a drastic change in the society.

Social networking is a subcategory of social media. Social media is not just an activity it is an investment of valuable time and resources.

Importance of social media is an in thing among the education sector. These are computer mediated tools that allow people or companies to create, share or exchange information carrier interest ideas and pictures videos in virtual communities and networks. The social networking websites like instagram facebook, twitter, etc. are continuously distracting students from their studies.

The main focus of student should should be education but unfortunately today's student are emphasizing on such sites which can be complete wastage of time. There are several negative effect of social media which receive criticism for example regarding privacy issues. Internate frauds etc.

This paper focuses on analysing the impact of social networks on the life of student or teenagers. Some people misuse it for spreading rumors or bullying others. It can also be addictive, consuming a lot of our time. Yet if we used wisely social media can be a powerful tool for communication and networking. It essential to balance our usage and be mindful of what we share online.

Privatisation of Higher Education and It's Impact On Income Disparities..

India has a strong tradition of higher education since ancient times. Although primary education is fundamental to the nation. Higher education determines its entire development including academic and technological progress along with presiding over the all round social and cultural advancement of the people of our populous country. Three decades ago most of the policy makers emphasized on formal primary education, secondary and higher education and directly met the manpower requirements of the modern society.

But the situation changed after the introduction of opening the indian economy to the rest of the world. As a matter of policy, central government and its key functionaries allowed the entry of private entrepreneurs in this field. Which was hither to treated as a philanthropist area subsequently state government and their universities liberalized the whole system of affiliation public spending on higher education either by central government or by state government curtailed in the name of reduction of fiscal deficit.

But those who worked with their hands, it was through they need no formal education now the approach has undergone radical changes. The demand for professional education has risen steeply in the last few yers this cannot be met fully by state funded or state aided institutions alone. Thus, a new category of private, self finacing institution emerged registering a phenomenal grwoth. They offer courses in engineering medicine, dentistry, pharmacy, management, teacher, education, law and many other streams of science and technology.

In 21th century private players entered into the area of higher education and fixed a high fee structure on one hand and law pay for the faculty. On the other thus making these instituions as profitable levi. As a result. Many universities ad other institutions of higher education are in impoverished.

The increasing privatization of education has benifited self financed and aided institutions due to privatization of high income group is able to get professional education to their children.

But due to lack of resources the low income group who wants to give professional education to their children, is seeking educational loan. Bound to fetch loan. They provided professional education to their children even by selling their domestic asset like houses, jewelry etc.

Indian higher education system that is being provided by private institution have become so costly. It has reached to a point at this juncture that it is beyond the reach of common people admission to the MBBS, BE/B. tech B. Arch MBA, MCA, B.Ed etc. has become so costly now a days.

That no student of ordinary financial background can think of even to get admission in any private institution. Private institutions do not consider the merit or demand of weaker sections of the society as they function on the principle of profit maximization. The system of higher education in India is working under poor regulatory mechanism collect AICTE. Thus higher education in India continues to be constrained by strong entry barriers, poor regulatory framework, resource crunch and the inability to cater to the industry demands.

INDIA...

A Dream, A struggle, A Hope India. The name alone evokes a kaleidoscope of emotions. Pride in its ancient heritage, awe at its diversity, and a pang of sorrow for the challenges that weigh heavy on its billion-plus hearts. From the snow-capped Himalayas to the sun-kissed shores of Kanyakumari India is a tapestry woven with vibrant cultures, languages, and dreams, yet, beneath this breathtaking beauty lies a nation grappling with problems so deep-rooted that they often threaten to dim its shine. Let's drive into the soul of India – It's people awake at night this is not just story of a country it's a story of us, humility, of resilience.

India's 1.4 billion people have diverse dreams and aspirations but these often collide with harsh realities, highlighting the contrast. Poverty : Let's start with elephant in the room poverty despite India's meteoric rise as an economic power nearly 10% of its population lives below the international poverty line World Bank, 2023 that's over 140 million people struggling for basic necessities like food, shelter and clean water. Walk through the streets of Kolkata or Delhi and you'll see families living under tarpaulin sheets children selling flowers at traffic signals, their tiny hands stretched out for a rupee or two it's heartbreaking How can a nation that sends missions to Mars still fail to feed its own?

Unemployment : The International Labour Organization reported in 2024 that India's unemployed rate hovers around 7% but for young adults, it's closer to 20% Engineering graduates drive cabs MBA's wait tables and millions compete for a handful of government jobs. This pressure is suffocating- families sell land, take loans, and pin their hopes on their children, only to see them crushed by a system that can't keep up with their ambitions.

Education – UNESCO data shows that 30% of children in rural India don't complete secondary education. Government schools often lack teachers, books or even proper buildings private schools are expensive, pushing parents into debt. And what about quality? Rote learning stifles creativity, leaving students unprepared for a rapidly changing world. Isn't it tragic that a nation with such rich intellectual history struggles to educate its own?

The Fractures In Our Society :

According to the National Crime Records Bureau, crimes against scheduled castes rose by 7% between 2020 and 2023 stories of Dalit groom being attacked for riding a horse or Adivasi Women denied water from village wells are not relics of the past they're headlines today. How long will India let this poison divide its people ?

Religious Tensions : Religion, meant to unite often divides. Communal hatred, hate speeches and polarization have scarred India's soul, whether it's Hindu-Muslim clashes or attacks on minorities, the mistrust runs deep the 2020 Delhi riots, which claimed 53 lives, still hunt us social media amplifies hate, turning neighbours into enemies. Can't we see that our strength lies in harmony, not division ?

Gender Inequality : And then there's the battle for women's safety and equality India ranks 129 out of 146 in the 2024 global gender gap index every day, newspapers carry stories of violence against women-1000 rapes reported monthly and those are just the ones that make it to the police NCRB 2023. Women face harassment at work restrictions at homes and judgment everywhere. Yet, they rise leading everywhere, leading companies winning Olympic medals and fighting for justice. Why, then does society still clip their wings?

Corruption : The silent thief corruption is india's silent thief stealing opportunities from the poor and trust from the people transparency international ranks india 85 out of 180 in its 2023 from bribes for drivers' license to scams worth billions corruption seeps into every layer of our society it's not just about money it's about the teacher who demands fees to pass a student the officer who delays farmers subsidy the politician who buys votes with liquor every bribe erodes faith in the system when will we say enough is enough.

Healthcare : A privilege Not a right India's healthcare system is a tale of two worlds. The national health profile 2023 shows india spends just 1.3% of GDP on healthcare one of the lowest globally during covid-19 we saw the system collapse; oxygen shortages, bodies outside hospitals and families begging for beds even today 60% of indias pay for healthcare out of pocket, pushing millions into debt Malnutrition haunts children – 35% of kids under five are stunted NFHS-5. Isn't it a travesty that country racing towards a \$ 5 trillion economy can't keep its people healthy?

A Call To Every Indian : India isn't Just Country it's feeling. It's the smell of rain on parched earth, the sound of azaan blending with temple bells, the taste of mother's dal. It's the laughter of children playing gully cricket the pride of seeing our flag soar but it's also the tears from a farmer, the fear of a woman walking alone the frustration of a jobless graduate and fighting so let's ask ourselves what kind of India do we want a nation divided by caste and creed, or united by dreams? A land choking pollution, or thriving in harmony with nature? A system that breaks its people, or that lifts them up? The answers lie not in grand speeches but in small actions – you voting you questioning you caring india is at a crossroads it's heartbeat in every one of us. Let's hold it gently mend its wounds, and build a future, every child sleeps with full stomach, every woman walks without fear, and every dream finds wings this our home, our story, our fight let's make it story worth telling.

Cyber security in 2025 : Navigating In Digital Frontier...

In 2025, the digital landscape continues to evolve at breakneck speed. With advancement in artificial intelligence, the expansion of the internet of things and the integration of smart systems in everyday life, cybersecurity has taken centre stage. As we become more interconnected, the risks have become more complex, making cybersecurity not just a technical issue but a societal one.

The New Threat Language..

Cyber threats in 2025 are more sophisticated than ever. Ransomware as a service, deepfake-based social engineering, and AI-powered phishing attacks have emerged as leading challenges for both organizations and individuals. Hackers are no longer lone wolves; they have part of highly organized networks that operate across borders.

Critical infrastructure – Such as power grids, healthcare systems and financial institutions – are now prime targets. In response, governments are increasing investment in national cybersecurity strategies, while businesses prioritize digital resilience in their risk management plans.

AI : Friend And Foe..

Artificial intelligence plays a dual role in cybersecurity. On one hand, AI enhances threat detection through behavior based analysis, real-time monitoring, and automated response system. On the other, cybercriminals are also leveraging AI to exploit vulnerabilities at unprecedented speeds. The race between attackers and defenders is now more about algorithm VS algorithm than human VS hacker.

AI is a tool whose impact depends on how its developed and used. It offers potential benefits like increased efficiency and improved problem solving, but also raises concerns about job displacement, ethical issues and costs. Ultimately, whether AI becomes a friend or a foe depends on us.

The debate surrounding generative AI is complex, and our future depends on how we handle it. Generative AI could be our best friend or our worst enemy. What it comes down to is the decisions we make. As a sector, we must ensure we lead the way in making sure these decisions are correct.

The Human Factor

Despite technological advancements, human error remains a major vulnerability. In 2025, cybersecurity training is no longer optional – It's a necessity. Organizations are investing in gamified learning platforms, regular simulations, and zero-trust policies to ensure every user is a line of defense.

Regulations and Global Cooperation.

Governments across the world are introducing stricter data protection laws and cybersecurity compliance frameworks. Global cooperation is increasing, with cross-border alliances aimed at intelligence sharing and coordinated incident responses. Still, achieving universal standards remains a challenge due to differing political and legal environments.

Cybersecurity at Home For everyday users, smart homes, wearable tech, and virtual identities bring new conveniences – and new risks. Personal cybersecurity in 2025 means managing digital hygiene with the same diligence as physical health. Multi-factor authentication, encrypted communications, and privacy-first tools are part of daily routines.

Looking Ahead

As we continue to digitize every aspect of life, cybersecurity in 2025 is more than just firewalls and antivirus software- it's about building trust in a world where digital and physical realities are deeply intertwined. The future will demand not only innovation but also a collective commitment to safety, ethics, and digital responsibility.

Nature....

We live on the most beautiful planet, Earth, which is a very clean and attractive nature full of greenery. Nature is our best friend which provides us all the resources to live here. It gives us water to drink, pure air to breathe, food to eat, land to stay, etc. For our betterment. We should fully enjoy nature without disturbing its ecological balance. We should care for nature, make it peaceful, keep it clean and prevent it from destruction so we can enjoy our nature forever. The nature is everything around us which surrounds us with a beautiful environment we see and enjoy every moment. We observe natural changes in it, hear it and feel it everywhere. We should take full advantage of the nature and go out of home for the morning walk to breathe pure air and enjoy the morning beauty of nature. All through the day it changes in the morning when the sun rises everything looks bright orange and then yellowish. In the evening when the sun sets it again becomes dark orange and then light dark at night. Nature is the only provider of everything that we need for survival. Nature is a most precious gift we got, we should preserve it.

Sir Ratan Tata : The visionary Industrialist And Philanthropist...

Introduction Sir Ratan Naval Tata is a name synonymous with visionary leadership, industrial excellence, and heartfelt philanthropy in India and across the globe. As the former chairman of Tata, he played a pivotal role in transforming the conglomerate into a global powerhouse. Under his stewardship, the Tata Group expanded its global footprint and diversified its business portfolio, all while maintaining its legacy of ethical values and social responsibility. **Early life And Education** Born on December 28, 1937 in Mumbai, India, Ratan Tata is the great-grandson of Jamsetji Tata, the founder of the Tata Group. He was raised by his grandmother, Navajbai Tata, after his parents separated. Ratan Tata completed his early education in Mumbai and later went on to study architecture and structural engineering at Cornell University in the United States. He also completed the advanced management program at Harvard Business School in 1975. **Rise in the Tata Group.** Ratan Tata joined the Tata Group in 1962 starting at the Tata steel division, where he worked on the shop floor and learned the business from the ground up. In 1991, he succeeded J.R.D. Tata as the chairman of Tata Sons. At the time, the group was a collection of loosely connected companies with varied interests. Ratan Tata initiated a strategy of consolidation, modernization and globalization.

Under his leadership, The Tata group undertook several high-profile international acquisitions including

- Tetely Tea (UK) in 2000, Corus Steel (UK) in 2007, Jaguar Land Rover (UK) in 2008.

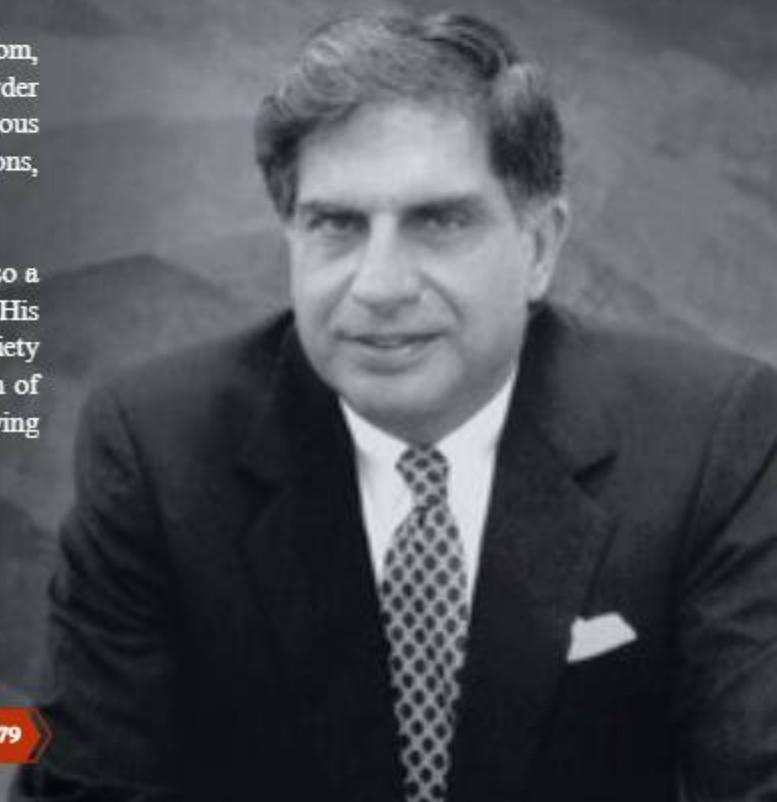

These acquisitions helped elevate the Tata Group into a global conglomerate with a presence in over 100 countries. **Philanthropy And Social Impact.** Ratan Tata is known for his strong sense of social responsibility. Even though he is one of India's most influential businessmen, he has always emphasized the importance of giving back to society. A significant portion of Tata Sons' profits go towards charitable trusts, which support causes such as education, healthcare, rural development and scientific advancement. One of the most notable philanthropic efforts was Tata's support during the 26/11 Mumbai attacks. The group extended support not only to the victims and employees but also to affected police stations and hospitals. **Legacy and Recognition.** Ratan Tata stepped down as chairman of Tata Sons in December 2012, though he remains active as chairman emeritus. He briefly returned as interim chairman in 2016 before passing the baton to N. Chandrasekaran in 2017. Over the years, Ratan Tata has received numerous awards and honors, including:

- Padma Bhushan (2000), Padma Vibhushan (2008), Honorary doctorates from prestigious universities worldwide.

In 2023, he was knighted by the United Kingdom, receiving the title of "Knight Grand Cross of the Order of the British Empire (GBE)" a rare and prestigious honor bestowed for his services to UK-India relations, trade and philanthropy.

Conclusion.

Sir Ratan Tata is not just a titan of industry but also a symbol of integrity, humility and compassion. His life's work has had a lasting impact on business, society and philanthropy, he continues to inspire generations of entrepreneurs and leaders to dream big while staying grounded in values.

Motivation is the desire to do something and achieve the many goals in life, no matter how many obstacles you have to go through to many people it is the essential element that pushes them towards what they want to be. From setting goals, to working hard to achieve them and finally accomplishing them, there are several motivation theories, like, incentive theory of motivation, which suggests that people are motivated to do things because of external rewards. Ex. People go to work every day for the reassurance that they will get paid at the end of months.

Another type of theory is the Drive Theory. It is when people are motivated to take actions to reduce tension that is produced from unimportant needs. Thirst, hunger, and warmth are some examples of drives. Arousal theory is yet another Theory. It is when you take actions that control your level of arousal. When your arousal level gets high you might want to relax by meditating or reading a book and when your arousal level gets low, you'd want to go for a jog or watch an exciting movie. Less but not least, the Humanistic theory is commonly a motivation behaviour in which all business have.

It is the strong reasons that lead. People to perform various actions like creating a business. Trust and care are to be present in one's working environment to increase productivity in the business and ensure employees are happy employees also.....

The Power of Mindfulness: Transforming student life one Breath at a Time...

In a fast – paced world of academia, students often find themselves juggling multiple responsibilities, leading to stress and burnout. Amidst these challenges, mindfulness emerges a powerful tool to enhance well-being and academic performance.

Benefits of Mindfulness For Students..

1. Enhanced focus and concentration

Regular mindfulness practice has been linked to improved attention spans. A study by ramsburg and Youmans (2013) found that even six minutes of mindfulness practice before a lecture can significantly boost information retention among university students.

2. Reduced Stress and Anxiety

Mindfulness techniques, such as deep breathing and meditation, activate the body's relaxation response, reducing stress hormones and promoting a sense of calm. This is particularly beneficial during exam and multiple assignment.

3. Improved Emotional Regulation

By cultivating awareness of their emotional states, students can better manage reaction to challenging situations, leading to healthier interpersonal relationship and a more positive outlook.

Incorporating Mindfulness Into Daily Life...

1. Mindful Breathing

Taking a few moments each day to focus on your breath can ground you in the present moment. This practice can be especially helpful before exams or presentations.

2. Mindful walking

Turning a regular walk into a mindfulness exercise by paying attention to the sensations of each step can be a refreshing break from screen time.

3. Guided Meditation.

Utilizing apps or online resources for short guided meditation can provide structure and support for those new to the practice.

Conclusion :

The power of mindfulness lies in its simplicity and accessibility. It doesn't require expensive tools or complex techniques – just your attention and willingness to be present. In a world that often demands we move faster, mindfulness gently invites us to slow down, breathe and live each moment with intention.

Passion : Fuel For The Fire....

P A S S I O N

In a world full of deadlines, pressure, and expectations, there exists a quiet, burning force that can change everything – PASSION..

It's what keeps an artist sketching long after midnight. It's what drives a coder to solve a problem no one asked them to. It's what makes a dancer rehearse until every move becomes magic.

But what is passion, really? It is a hobby? A career? A dream?

Passion is Personal..

Passion is not always loud or dramatic. Sometimes, it's quiet. A subtle pull toward something that makes you feel alive. It doesn't always come with a grand announcement. It could be hidden in the things you do when no one is watching – the things that make you lose track of time.

In college, we often get caught in a race:

Grades, placements, internships. But in the middle of this rush, passion reminds us who we truly are. It's the "Why" behind what we do.

Self- Analysis : The Mirror Within

Self analysis is the conscious process of examining our thoughts, emotions, habits, strengths and flaws. It's a personal check-in that helps us understand why we do what we do, and whether we are truly aligned with our goals and values.

Think of it like opening a diary you didn't know you were writing-except the pages are your choices, your reaction, your dreams. Self analysis won't make life perfect. But it can make your choices more intentional. It empowers you to take control of your narrative rather than just go with the flow. In a world trying to shape us into something every second, self – analysis reminds us to be ourselves – on purpose.

College is the best time to explore the world, but also yourself. So pause, reflect. Analyze. Grow. After all, the journey within is the one that defines every other path you take.

Not Everyone has It figure out (And That's Okay)

There is a lot of pressure to "Find your passion". But it's not a treasure hunt with a map. Sometimes, passion finds you. Through trial, failure, curiosity, or even boredom. You may not love what you do right away – but doing it enough might lead you somewhere surprising.

Explore, experiment. Say yes to new experiences. Passion often hides where you least expect it.

The Struggle It's part of the story –

Chasing your passion isn't always smooth. It might mean staying up late, facing doubt, or hearing "This won't work." But passion is what gives you the strength to keep going despite it all. It fuels discipline, creativity, and resilience. It's not about being the best. It's about loving it enough to keep going- even when it's hard.

Make Time for what You Love :

Your schedule may be packed, but your soul needs fuel too. Whether it's writing, painting, gaming, singing, coding, cooking or volunteering make time for what lights you up. Because years from now, you won't remember every lecture or assignment – but you will remember the things you loved doing and the person you became while doing them.

Passion is the voice that says, "This is who I am." Don't ignore it. Don't silence it. Feed it. Because when you follow your passion, you don't just find success – you find yourself.

Water Pollution....

The main ingredient of protoplasm without water no life is possible. The other name of water is life. But it is a matter of great regret that we are going on polluting water everyday.

Water pollution is a serious problem. This problem is rising day by day. Water is the most essential thing for life. There is no life without water. We get water from natural resources.

Water pollution is a big problem. It happens when harmful substances get into water bodies. Factories and cities often release chemical and waste into rivers and oceans. This can make the water dirty and unsafe for animals and people. Trash like plastic bottles also adds to the pollution. It harms marine life and can even make drinking water dangerous. Pollution affects the environment and human health. Governments and communities need to work together to reduce it—we can help by not littering and being careful with chemicals. Clean water is essential for life, so we must protect it.

Water can lead to degradation of these aquatic ecosystems. All plants and organisms living in or being exposed to polluted water bodies can be impacted. The effect can damage the biological communities. Increasing industrialization and reducing water resources has made the issue of water pollution worse. Around 900 million people across the globe do not have any access to clean and safe water. Governments and societies along with the youth have to collectively fight against the increasing water pollution. Water conservation is one of the best methods to fight water pollution so that clean water is made available to everyone. Think twice before throwing anything like plastic, chemicals, paints, etc. Draining of industrial residues and waste into the river should be completely banned by the government.

Polythene bags and plastic goods should not be disposed of in rivers or seas. Instead, they should be recycled and reused. The use of pesticides and fertilizers should be highly reduced so that they do not contaminate surface and ground water. Urban waste water should be properly treated before draining into rivers so that it does not affect the aquatic species.

The Impact of Artificial Intelligence On Modern Society...

Artificial Intelligence (AI) has become an integral part of our daily lives, transforming the way we live, work and interact with one another from virtual assistants like Siri and Alexa to self-driving cars. AI's influence is ubiquitous. As AI continues to evolve and improve, it's essential to understand its impact on modern society.

Benefits of AI :

- **Increased efficiency** AI automates repetitive tasks, freeing humans to focus on creative and strategic work.
- **Medical breakthroughs** AI assists in disease diagnosis, drug discovery and personalized medicine.
- **Enhance customer experience** : AI-powered chatbots and virtual assistants offer personalized support and recommendations.

Challenge and Concerns :

- **Job Displacement** : AI may replace certain jobs, potentially leading to unemployment and social disruption.
- **Bias and discrimination** : AI systems can perpetuate existing biases if trained on biased data.
- **Privacy and Security** : AI's reliance on vast amounts of data raises concerns about data protection and cybersecurity.
- **Accountability and Transparency** : As AI makes decisions, it's essential to understand how those decisions are made.

The future of AI :

- **Advancement in Machine learning** : Future AI systems will become increasingly sophisticated, enabling more complex tasks.
- **Increased Adoption** : AI will become more prevalent in various industries, transforming the way we work and live.

- **Ethical consideration** : As AI's impact grows, it's crucial to address ethical concerns and ensure responsible development.

Artificial Intelligence has the potential to revolutionize modern society. Offering numerous benefits and opportunities. However, it's essential to address the challenges and concerns associated with AI's development and deployment. By understanding AI's impact and working together to ensure responsible innovation, we can harness its potential to create a better future for all.

The role of Humans in an AI-driven world.

- **Upskilling and Reskilling** : Humans must add to work alongside AI, developing skills that complement AI's capabilities.
- **Creativity and Innovation** : Humans will focus on high-level creative tasks, driving innovation and progress.

Ethics and Responsibility : Humans must ensure AI systems are developed and deployed responsibly, prioritizing transparency and accountability. The future of work : AI will create new job opportunities in fields like AI development, deployment and maintenance. AI will transform the way we work, enabling more flexible and remote work arrangements. Humans must commit to lifelong learning, continuously updating their skills to remain relevant. As AI continues to shape modern society, it's crucial to prioritize responsible innovation, ensuring that AI's benefits are equitably distributed and its challenges are addressed. By working together, we can create a future where AI enhances human life without compromising our values or humanity.

World Environment Day

Our environment is one of the most important aspects to survive on this planet. Moreover, it is the only thing that can make life sustainable. Without it, we cannot survive even a single day. For instance, our skin will burn, the lungs will get ruptured, our blood pressure would rise. World Environment on 5th June every year. People from more than 100 countries celebrate this day. Furthermore, the world environment day is run by the United Nations Environment Programme (UNEP). Since the year 1973. Above all the main purpose of celebrating this day was to spread awareness. The awareness was about the conservation of our environment. On the world environment day, we all take a day off from our work. And join various campaigns to spread awareness about environment protection. Moreover, we all plant small saplings in a barren land so that it may grow and flourish in the land area after some years. Also, we take part in various processions to make people aware of this day. So that they may also take part in protecting our environment.

अंतरिच्या अंतराने हारले खेळ सारे
अंतरीच्या अंतराने हारले खेळ सारे
खेळात डाव दोन ही जीवांचे सांडले,

मी नव्याने स्वतःला ओळखत आहे

मी नव्याने स्वतःला ओळखत आहे स्वतःला ओळखण्याचा कधी प्रयत्न केलाच नाही
आणि दुसऱ्याला समजून घेण्याचा सांगण्याचा अट्टहास मात्र केला
या रंगीबिरंगी दुनियेचे अनोखे रंग बघत आहे
मी नव्याने स्वतःला ओळखत आहे
जे व्हायचं ते होणारच आणि जे होतं ते चांगल्यासाठीच होतं हे जेव्हापासून स्वीकारले त्यामुळे
जीवन जगणं सोपं वाटत आहे
या मलीन दुनियेत माझ्या नव्या प्रवासाची सुरुवात आहे
मी नव्याने स्वतःला ओळखत आहे कधी स्वतःच्या जीवावर उदार होत आहे
तर कधी जगण्याच्या तीव्र इच्छा ने मन नाचत आहे
जेव्हापासून कोणी कोणाच नसतं ही गर्भधारणा (concept) कळाली
त्यापेक्षा जास्त अनुभवली
तेव्हा कुठे स्वतःला ओळखण्याची मनोधारणा तयार झाली
मी नव्याने स्वतःला ओळखत आहे
नवीन नवीन गोष्टी शिकण्याची अनुभवण्याची आस लागली आहे
काही चांगले असणार आहेत आणि काही वाईट सुद्धा तरीही स्वतःला ओळखण्याचा आनंद काही
निराळाच स्वतःचा विश्वास उभारले एवढा मोठा आनंद.

वडील

घराच छप्पर, कधी सावली तर कधी ऊन
वडील म्हणजे नाऱ्यांचं नाजूक पण मजबूत सूत ।
ते फारस बोलत नाहीत, पण खूप काही सांगतात,
डोळ्यांतून मायेचा सागर कधी शांतपणे वाहातात ।
त्यांचा प्रत्येक थकलेल्या पावलांत इतिहास असतो,
आपल्यासाठी झिजलेल्या त्यांचा प्रत्येक श्वास असतो ।
आईच प्रेम जरी उघडपणे दिसत,
वडीलांच प्रेम मात्र कृतीतून समजतं ।
स्वताच्या गरजा बाजूला ठेवून जे कर्तव्य निभावतात
ते म्हणजे वडील जे संपूर्ण आयुष्यभर फक्त देणं शिकवतात ।
पाठीवरचा हात त्यांचा जग जिकायला पुरतो,
वडील म्हणजे देव नाही पण त्यांच्यासारखाच वाटतो.

अडथळ्यांना वाळवंडात चालायच असतं ।
झाले झाकोळ तारे, तरी रात्रीचा अंत नाही,
प्रत्येक अंधाराला एक नवा उजेड असतो काही ।
स्वप्न ही सोपी नसतात, पण सोडू नकोस,
सोडून दिलं तरच हरतोस, लढलास तर जिंकतोस ।
थकवा आला तरी झुंजायच असतं,
आपल अस्तित्व पुन्हा मांडायचं असतं ।
जग जे म्हणेल ते ऐक, पण मनाचही ऐक
स्वतः वर विश्वास ठेव, तूच आहेस आपला बलाढ्य शस्त्र ।
जिंकण्याचा हा क्षण दूर नाही
फक्त थोडं चालण बाकी आहे.....

पण मनामध्ये असतो तुमच्या मायेचा पाझर
ज्याप्रमाणे कमी होत गेले आमचे हृद
त्याप्रमाणे वाढत गेल्या तुमच्या इच्छा
मनात तुमच्या बदलच्या विचारांच मोठ घर आहे

माणूस एक माती

माती माणसाला घडवते, आणि शेवटी तीच त्याचा शेवट ठरवते. माणूस कितीही मोठा झाला, कितीही श्रीमंत, विद्वान किंवा शक्तिशाली झाला, तरी त्याच मुळ एकच-माती मातीपासुन निर्माण झालेलं शरीर, त्या मातीतच एक दिवस मिसळून जातं.

आपण आयुष्यात अनेक गोष्टींसाठी घावतो – पैसा, यश, मान-सन्मान, पण शेवटी कळत नकळत आपण त्या मातीकडेच परत जातो. म्हणुन म्हणतात, माणूस हा मातीसारखा असावा- नम्र, सहनशील आणि जिनदायिनी.

माती कधीच कोणावर राग धरत नाही. ती सर्वांना सामावून घेते – चांगला, वाईट, गरीब, श्रीमंत, माणसाने सुद्धा असच मोठ्या मनाच असावं, पण दुर्दैवाने, आजचा माणूस मातीपासुन लांब गेला आहे. अहंकार आणि ताण – तणावाच्या जाळ्यात अडकला आहे.

मातीपासुन जन्म घडतो,
मातीमधेच शेवट घडतो.
जगतो मात्र तो गर्वाने
विसरतो तो मुळ आपले

चिमुकल्या हातांनी उचललेली माती,
कधी खेळ असते, कधी आयुष्याची गाथा,
पावलांखालीच ती स्तब्ध राही,
तरी प्रत्येक पाऊल सहेजुन घेते ती माया.

प्रत्येक माणसाच आयुष्य ही एक कथा असते – काही अपुर्ण स्वप्नांची, काही न संपलेल्या अपेक्षांची पण शेवटी सगळे एक सारखे होतात- एका मातीच्या कुशीत विसावलेले जिव. माती कोणालाच वेगळ वागवत नाही. सर्वांना सामावुन घेते.

माती जिच्यावर आपण चालतो, जी आपल्याला अन्न देते, तरीही ती कधी गर्व करत नाही.

जसाजसा माणूस संसाराच्या धावपळीत गुरफटतो, तसातसा तो मातीपासुन दूर जाऊ लागतो.

माती म्हणजे स्वीकार माणूसही तसाच असायला हवा – स्वीकार करणारा आपण मातीपासुन आलो आहोत आणि मातीमध्ये परतनार आहोत – हे जर माणसाने मनोमन मान्य केल, तर तो दुसऱ्यावर हसण, टिंगल करणं द्वेष करणं बंद करेल.

शेवटी मृत्यूनंतर काय उतर? एक मातीचा ढिगारं, ना पैसा, ना पद, ना प्रतिष्ठा, त्यामुळे माणसाने मातीसारखी विनम्रता आणि सुसंस्कृती जपली पाहिजे.

मातीने शिकवावं माणसाला.

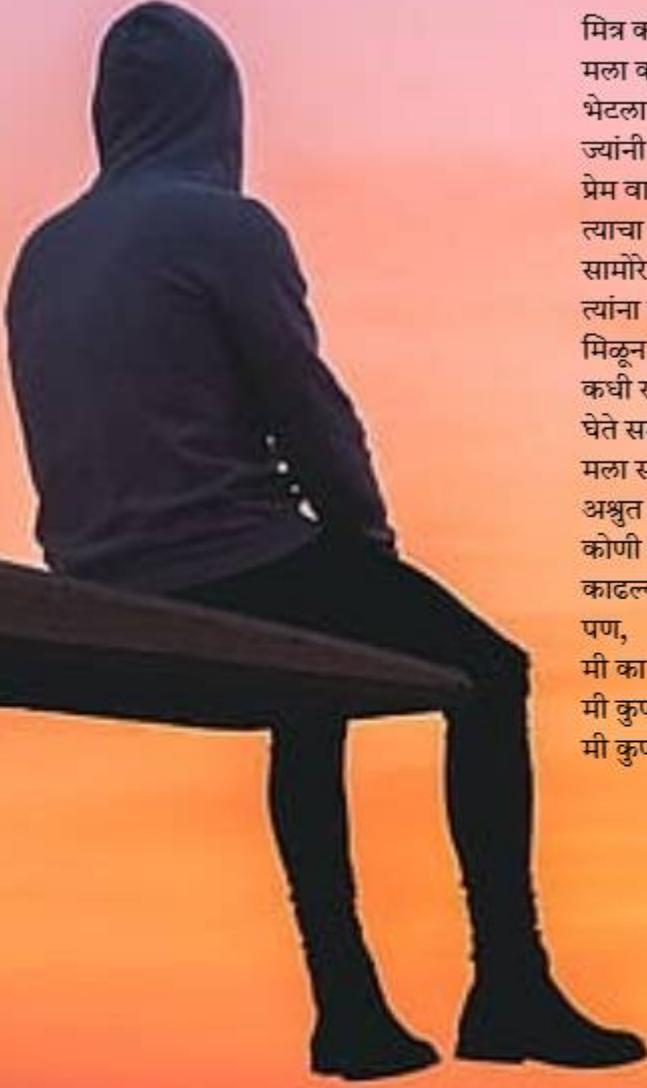

नम्रतेचा, सहनशीलतेचा अर्थ,

मानसाने समजून घ्याव स्वतःला

तोही आहे फक्त मातीचा एक कण.

मी कुणाला कळलेच नाही...

मित्र कोण आणि शत्रु कोण
मला कधी कळलेच नाही
भेटला नाही असा कोणी
ज्यांनी मला त्रास दिला नाही
प्रेम वाटत गेले सर्वांना
त्याचा परतफेड मला कधी भेटलेच नाही
सामोरे गेले हजारो संकटांची
त्यांना पाहून कधी पळाले नाही
मिळून टाकले दुःख सारे
कधी रडत-झडत बसले नाही
घेते समजून सर्वांना
मला समजणारा कधी भेटलाच नाही.
अश्रुत उगी गुरफटत बसले मी
कोणी हसवायला शिकवलेच नाही
काढल्या चुका माझ्या, अणं रूसून बसले सर्वजण
पण,
मी का चुकले
मी कुणाला कळलेच नाही
मी कुणाला कळलेच नाही.....

पुस्तक

प्रत्येक पुस्तक वाचायला सुरुवात करण, हे नव्या प्रवासाला सुरुवात करण्यासारखं आहे. कधी कल्पनेच्या देशात, कधी विचारांच्या जगात, कधी विद्यानाच्या राज्यात, कधी वनस्पतीच्या दुनियेत कुठल्या पानावर मनाला आल्हाद देणारं, आधार देणारं किंवा अंतर्मुख करायला लावणार काय मिळेल ते सांगता येत नाही. गांधीजींच्या हातात रस्किनचं “अनट्ट द लास्ट-अंत्योदय” हे पुस्तक आलं आणि त्यांना त्यांच्या जीवितकार्याला बैठक मिळाली. पुस्तक कशाला, एखादी कवितेची ओळसुद्धा आयुष्यभर सोबतच राहीलं। पुस्तकांचा संग जडलेल्या माणसाला कधी एकटं राहावं लागत नाही. खुप थोर माणसं त्यांच्याशी संवाद साचायला त्याच्या पुस्तकांच्या कपाटाला पाठ लावून उभी असतात.

नशीब ...

जिवन हा एक प्रवास आहे
चालत राहणे कर्तव्य आहे
काय आपणास मिळेल पुढे
हा तर नशीबाचा भाग आहे
कधी आनंद तर कधी दुःख
हा ऊन सावलीचा खेळ आहे
आंबट गोड नात्यांची इथे
एक चविष्ठ भेळ आहे
आयुष्य खुप सुंदर आहे
जगता येण महत्वाच आहे

अडचनी सर्वांनाच आहे
मात करण महत्वाच आहे
आयुष्यास नको होऊ निराश
खरचं इतक ते कठीण नाही
हे दिवसही बदलून जातील
स्थिर असे जगात काहीच नाही
जिवन हा एक प्रवास आहे
नशीब हा त्याचा एक भाग आहे

राक्षस

एक राक्षस सत्तेचा, चेहरा बदलून येतो.
लोकशाहीच्या छातीत, हळू हळू खंजीर भोसकतो.
राजकारनाच्या नावानं, स्वप्न विकली गेली,
जनतेच्या डोळ्यांतली आशा, उपभ्रंजा मिळाली
कामगार रस्त्यावर, शेतकरी मातीत रडतो
मुलांच भविष्य, सत्तेच्या हवेलीत गुदमरतो
न्याय मागणारी बहीण, रस्त्यावर एकटी लएते
पण राक्षसाच्या कायदूयापुढं, तिची हाक हरवते
मुलं विचारतात, आई, उद्या काय खायचं
पण आईच्या डोक्यात, लाचारीचं पाणी दिसत.
बाप रात्रदिवस लेकराच्या शिक्षनासाठी झुरतो
रोजगारीसाठी वण वण फिरतो
जात पेटवली, धर्माचं नाव घेऊन
माणसाला माणसापासून हा राक्षस तोडतो फसवून
सत्य खोटं झालं, आवाज तुरूंगात गुदमरलं
हक्क मागणारा प्रत्येक गुन्हेगार ठरलं
उठ, हातात घे मशाल, आता क्रांतीचं रक्त आहे लाल,
प्रश्नांच उत्तर लढण्यात आहे.
तोड राक्षसाची मान,
लोकशाहीच्या प्रत्येक श्वासाला, पुन्हा दे सन्मान.

बाप

लहान असल्यापासुन आई मुलांना सांगत असते
इथे जाऊ नकोस बाबा मारेल..
तिथे जाऊ नको बाबा मारेल
झाडावर चढू नको बाबा मारेल.
नदीवर जाऊ नको बाबा मारेल.
शाळेत जा नाहीतर बाबा मारेल.
हे करू नको नाहीतर बाबा मारेल
मग मुलंसुद्धा बाबांना घाबरतात
बाबाच्या भयाने शाळेत जातात
बाबांनी मारू नये म्हणून अभ्यास करतात
बाबांच्या दहशतीखाली शिकत राहतात
हळूहळू मुलं बाबांकडे दुर्लक्ष करून
आई वरच प्रेम करू लागतात
मनामधून बाबांना काढून टाकतात
आणि आईच्या चरणावरती सर्वस्व अर्पण करतात
बाबांन पासून चार हात लांबच राहतात.
मुल आईच गाणं गातात,
मुल आईवर कविता करतात.
कोणतचं मुल बाबाला, दुधावरची साय म्हणत नाही
लंगड्याचा पाय म्हणत नाही, वासराची गाय म्हणत नाही
बाबांसाठी मुलांकडे शब्दच नसतात
मुलांच्या पायाला ठेच लागली,
तरी मुल बापरे म्हणत नाही
आणि साने गुरुजीनांही श्यामचा बाप दिसत नाही...
आई घरात असली की, घर कसं भरल्यासारखं वाटतं..
बाबा घरात असले की मात्र स्मशान शांतता..
मुलं शपथ सुद्धा आईचीच घेतात, बाबा शपथेच्या
लायकीचा नसतो..
बाबा असतो केवळ मुलांच्या नावाच्या आणि
आदनावाच्या मध्ये नावापुरता...
मुलं विठोबाला माऊली म्हणतात, धरणीला माय
म्हणतात
आणि देशाला माता म्हणतात...

बाबा मात्र धरणीतून, देशातून आणि
मुलांच्या मनातून
केव्हाच झालेला असतो हृदयपार...
बाबा असतो कठोर, काळीज नसलेला
निर्दयी मारकुटा..
बाबा असतो मुलांच्या स्प्रात येणारा
बागुलबुवा..
बाबा म्हणजे केवळ रुपये, पैसे कमावयाचं
यंत्र..
तेवढं काम त्यानं केलं की त्याचं कर्तृत्व
संपलं..
पण असं असूनही बाबा मेल्यावर मुलांच्या
छातीत धडकी का भरते?
का ओघळतो मुलांच्या डोळ्यातून पाऊस?
का वाटतं मुलांना पायाखालची जमीन
सरकल्यासारखी..
का वाटतं मुलांना आपण बेसहारा झालोय ?
का हंबरतात मुल बाबा मेल्यावर..?
का मुलं घाबरतात बाबा गेल्यावर..?
कथा, कादंबऱ्या आणि कवितेत कधीही
नसलेला हा पत्थर दिल बाबा..
प्रत्यक्षात जेव्हा नसलेला होतो तेव्हा का
वाटतं मुलांना..
कि डोळे मिटून जी प्रेम करते तिला प्रेयसी
म्हणतात..
डोळे उघडे ठेवून जी प्रेम करते तिला मैत्री
म्हणतात..
डोळे वटारून जी प्रेम करते तिला पत्नी
म्हणतात..
आणि स्वतः चे डोळे मिटेपर्यंत जी प्रेम करते
तिला आई म्हणतात
पण डोळ्यात प्रेम न दाखवता जो प्रेम करतो
त्याला बाबा म्हणतात.....

आपलं फक्त लक्ष नसतं...

संकटांना कधी कंटाहायचं नसतं,
त्याला सामोरच जायचं असतं
कोणी नावे ठेवली तर थांबायचं नसतं,
आपण चांगल काम करायचं असतं
अपमानाने कधी स्वचायचं नसतं
जिद्दीने बळ वाढवायचं असतं
नाराज मुळीच व्हायचं नसतं
चैतन्य सदा फुलवायचं असतं
पाय आढले म्हणून परतायचं नसतं
पुढे अन पुढे जायचं असतं
लोक निंदेला कधी घाबरायचं नसतं
आपलं सामर्थ्य दाखवायचं असतं
रागात कोणाला बोलायचं नसतं
प्रेमाने मन जिंकायचं असतं
जीवनात खूप करण्याजोग असतं
आपलं फक्त, तिकडे लक्ष्य नसतं ॥

आई ...

नभाहून मोठी, सागराहून खोल
माझी आई, जणू प्रेमाचा सोल
कष्ट सोसून, ती घडवते जीवन
आनंदाचा झरा, जणू अमृताचे कण
हात फिरवता, मायेची उबदार शाल
दुःखातही, तीच माझी ढाल
शब्द, तिचे, जणू अमृताची
जगात दुसरी नाही तिच्यासारखी राणी
निस्वार्थ प्रेम ती देते अपार
तिच्या चरणी माझा हा नमस्कार
आई तू माझी, देवाच वरदान
तुझ्यामुळेच हे सुंदर जीवन

आई....

जगण्याच्या धडपडीत
घर सुटतं पण...
आठवणी कधी सुटत नाहीत..
आयुष्यातलं आई नावाचं पान..
काहीही झाल तरी कधीच मिटत नाही..
तळहाताचा पाळणा करून संभाळते ती आपल्याला.
आपल्या आयुष्यात आनंदाचा
नेहमीच खुलवते ती मळा
आपण जरी विसरलो
तरी माया तिची कधी सुटत नाही
आयुष्यातलं 'आई' नावाच पान..
काहीही झाल तरी कधीच मिटत नाही
तीच्या अखेरच्या श्वासापर्यंत
तीला आपलाच लळा असतो
आपलं भल व्हाव
ह्यातच तीचा जगण्याचा सोहळा असतो
तीच्या पंखाखली मन निवांत असते
चिंता कधी वाटत नाही
आयुष्यातलं 'आई' नावाच पान..
काहीही झाल तरी कधीच मिटत नाही
कधी मिटत नाही....

अबोल शब्द माझे...

मन कितीही मारले मन तरी ते मरत नसते
आशेच्या फांदीवर ते कुठेतरी झुलत असते
मनाचे मरणे असते की भावनांचे जगणे..
प्रत्येक क्षणी फक्त स्वतः चे उरणे असते
जीवनात आनंद असा कितीवेळ टिकतो..
पाण्याने भरलेल्या ओंजळीत शेवटी
ओलावाच राहतो आस कशाची करायची
मनाच्या रखरखत्या तव्यांवर
आठवणीची पोळी भाजायची
आभाळ भरून येते तसे कधी कधी
मनही भरून जाते
मेलेल्याम मनावर जणु आशेची नवीन पालवी फुटते
कितीही मारले मन तरी ते मरत नसते
आशेच्या फांदीवर ते कुठेतरी झुलत असते...

मैत्री

अखंड विश्वाची अनुभूती म्हणजे मैत्री होय. ही अनुभूती सोशल मीडियावर व्यक्त होऊन जात नाही. करत येते तर ती प्रत्यक्ष अनुभवावी लागते. मैत्रीचं अस्तित्व कळण्यासाठी ती जगावी लागते. आजचा देखावा असा आहे की सोशल मीडियावर अनेकजण मित्र होतात. पण हे सगळं ऑनलाइनपरतंच मर्यादित आहे. खऱ्या मैत्रीची अनुभूती आजच्या पिढीला झालेलीच नाही. कारण मैत्री ही न सांगता होते. इथे आनंद असो वा दुःख चेहऱ्यावरून व्यक्त न होता. न सांगता डोळ्यातून कळतो मैत्री कळण्यासाठी सोशल मीडियावर जवळ न येता. सहवासात जवळ आलं तर आयुष्याचं एक सोनेरी पान उघडल्यासारखा अनुभव येईल.

खरी गंमत हरवलीय ।

मैत्री म्हटलं की डोळ्यासमोर येतात चित्रपटांमधून रंगवलेल्या अनेक कथा. पण खरंच मैत्री ही ना चित्रपटांमधून व्यक्त करता येते ना कुठली व्यख्या देऊन. माझ्या मते, सोशल मीडियाने मैत्रीला डिजिटल रूप आणलंय.. हे एका अर्थाने चांगलंच आहे. पण त्याच बरोबर मैत्रीच खरी मजा ही सोशल मीडियामुळे कुठेतरी हरवत चालली आहे. मैत्रीत आलेल्या डिजिटलायझेशनमुळे सर्वांना एकाच चौकटीत बसवलं आहे. विद्यार्थ्यांपासून ते शिक्षकांपर्यंत सर्वच एकमेकांचे फ्रेंड्स झाले आहेत. हे खरंच कुठेतरी गंमतशीर वाटतं. माझ्या मते तरी मैत्री आणि सोशल मीडिया या दोन गोष्टी वेगळ्या ठेवल्या तरच सर्वांना मैत्रीची खरी मजा अनुभवता येईल.

आपलं जीवन अनेक नात्यांनी बहरलेलं असतं. काही नात्यांचा जन्म आपल्या जन्मासोबत होतो तर काही नाती नकळतंच एखाद्या फुलाच्या पाकळीप्रमाणे उमलत जातात. या नात्यांनाच आपण मैत्री म्हणतो. सध्या फेसबुकवर सरसकट सगळ्यांना आपण मित्र म्हणतो पण तो एक फेसबुकचा भाग आहे. खरी मैत्री ही एखाद्या आंबट – गोड फळाप्रमाणे असते. कधी प्रेम तर कधी लहान गोष्टींवरून भांडण असो, पण सरते शेवटी तुझं माझं जमेना, तुझ्या वाचून करमेंना या म्हणी प्रमाणे पुन्हा एकत्र येणं हीच ती मैत्री. एखादा असा मित्र नशिबानेच मिळतो आणि ही मैत्री टिकवणं हे देखील आपल्याच हातात असतं.

उसावलेला बाप....

उसावलेला बाप माझा कपडा किती फाटलेला
माय माझी साधी ती डोळ्यात दुःख किती दाटलेला
ढायढाय रडतेय आता माझ्या घरातला वासरू
सांगा कुणापुढे माझं हे दुःख पसरू
घालतोय माझा बाप कपड्याला ठिगळं लावून
जगतोय माझा बाप कोरभर भाकर खाऊन
राबराब राबतोय माझा बाप शेतात जाऊन
करतो दिवसभर काम इकडं तिकडं धावून
अहो लय गरिबीत बागतोय तो
दिवसासून रात्री सुद्धा जगतोय तो
आण देवापुढे फक्त एकच मागणं मागतोय तो
म्हणतो देवा माझं दुःख खसरू दे लेकराचं भलं होऊ दे
माझ्या नशिबी भोगलोय ते माझ्या लेकराच्या
नशिबी नको येऊ दे
दिवसभराच्या कामाने निघालेल्या घामाने माझा बाप मला पोसतो
चेहऱ्यावरचा आनंद पाहून माझा तो मनातल्या मनात हसतो
नाही माहिती कि तो किती इजा सोसतो
अंगावरती बनियान फाटकी लेवून मात्र नेहमी आनंदी दिसतो....

आई....

आज म्हणलं स्वतःला जरा जाब विचराव,
आई साठी आपण काय करतो आढावा घ्यावा,
आपण पहाटे उठलोय आणि आई दुपारी अस कधी घडलय,
आपण जेवायच्या अधी आईच ताट आपण कधी वाढलय,
बर तुम्ही घरी येताना आईसाठी कधी काय आणता,
बर तुम्ही सांगा तुमच्या आईचा फेव्हरेट कलर कोणता?
आईला हव ते मिळू दे अशी प्रार्थना कधी केलीय,
पाहिल का आई शेवटची कधी ऑनलाईन आलीय,
तिच्या बर्थडेची पार्टी तिच्या मैत्रिणींना बोलवून देतो?
तिने केलेला पसारा आपण कधी आवरतो.
तरीही बाळाला कोण बोलल की तिच मन येत भरून
आपण मात्र बोलताना शिव्या आईवरून
लक्षात ठेवून सतत ती हात पसरते, नशिबापुढे देवापुढे,
पण स्वतः ची मात्र दुपारची बीपीची गोळी विसरते,
आईची आई होऊन बाळांनो कधीतरी वागा नं,
तिचा खडबडीत हात हातात घेऊन एकदा बघा नं
कितीही कर्तृत्व गाजवा तुम्ही झेप कमी पडते,
आईने कडेवर घेतल्यावरच आपली उंची वाढते
उगाच कशाला त्या अधात्म आणि श्रद्धेच्या गप्पा हाणता,
आईच्या पोटी जन्माला येतात अन् देव कुठे म्हणता,
आईला सतत मुलांचा ध्यास, त्यांच्या प्रेमाची धूंदी
बाळांनी गंमत आणली नाही तर आई सदा आनंदी.
नका करू स्पर्धा कुणाशी, नको कुणाचा हेवा.
जग जिंकायचय ना मित्रांनो तुम्हाला तर आईच्या पायावर डोक ठेवा....

सोशल मिडीया

सोशल मीडिया शिवाय आजच्या काळात जगण्याची कल्पनाही करता येत नाही, इतका तो आपल्या दैनंदिन आयुष्याचा हिस्सा बनला आहे. माहिती मिळवण्याचा उत्तम स्त्रोत, आपले विचार मांडण्याचे मुक्त व्यासपीठ, आनंद किंवा दुःख वाटुन घेण्याचे हक्काचे माध्यम म्हणजे सोशल मीडिया एकुणच या माध्यामाच्या व्यापकतेवर आणि उपयुक्ततेवर प्रकाशझोत टाकणारा दृष्टिकोन.

आजचे युग हे माध्यम युगोसोबतच डिजिटल युग म्हणुनही ओळखले जाते. सध्याच्या काळात तंत्र ज्ञानाच्या विकासाचा वेग दिवसागणिक होताना दिसत आहे. या वाढत्या तंत्रज्ञानाच्या विकासात सोशल मिडीयाच्या क्षेत्राचा प्रचंड अव्यक्त झालेला दिसून येतो.

फेसबुक, व्हाटसअप, इन्स्टाग्राम, ट्विटर या सोशल मीडियावरील ऑप्लिकेशनचा ट्रेंड लक्षणीय म्हणावा लागेल. या सर्व सोशल नेटवर्किंग साइटमध्ये फेसबुकचे महत्त्व व युजरची संख्या अब्जावधीच्या घरात आहे. या सगळ्यात फेसबुकचे सर्वसमावेशक सोशल नेटवर्किंग प्लॅटफॉर्म मानले जाते. सोशल मिडीया म्हणजे नक्की काय? तर वेबसाइट्स किंवा ऑप्लिकेशन्स यासारखी माध्यमे जे युजर्सला कंटेंट तयार करण्याची आणि इतरांबरोबर शेअर करण्याची सुविधा उपलब्ध करून देते.

सोशल मिडीयाची खरी सुरुवात १९९७ मध्ये सिक्स डिग्रीज या साइटपासून झाली. सिक्स डिग्रीजवर प्रोफाइल तयार करणे, मित्र जोडणे. नवीन लोकांना या साइटवर येण्यासाठी आमंत्रण पाठवणे अशा सुविधा होत्या. या सर्व सोशल नेटवर्किंग साइटमध्ये फेसबुक वापरकर्त्यांची म्हणजेच युजर्सची संख्या सर्वाधिक आहे. सॅपचॅट, युट्युब, टिकटॉक रेडिट हे उपलब्ध आहेत.

सोशल मिडीयाचे फायदे.

सोशल मिडीयावर जगभरातील घडामोडी काही सेकंदात समतजात. न्युज अपडेट्स, आरोग्य, शिक्षण करिअर, मार्गदर्शन याबद्दल माहिती सहज मिळते.

माहितीची सहज उपलब्धता

संवादाचे माध्यम

शिक्षणासाठी उपयुक्त

व्यवसायासाठी फायदेशीर

सर्जनशीलता वाढवते

जनजागृतीसाठी उपयुक्त

निष्कर्ष :

सोशल मिडीयाचे अनेक फायदे आहेत. मात्र त्याचा अतीवापर टाळावा. योग्य वापर केल्यास सोशल मिडीया हे ज्ञान, संपर्क आणि प्रगतीचे महत्त्वाचे साधन ठरू शकते. हवे असल्यास हाच लेख उपयुक्त होऊ शकतो.

जीवनात नाती

जीवनात नाती तशी,
अनेकच असतात
पण ती जपणारनी लोक,
फार कमी असतात ।
काही नाती असतात रक्ताची
तर काही हृदयाची... ।
काही नाती असतात जन्मो –जन्माची
तर काही.. काही क्षणापुरतीची.. ।
काही नाही असतात,
केसासारखी न तुटणारी,
पण वेळ आलीच तर वाकणारी... ।
काही नाती असतात,
लांबुनच आपले म्हणणारी.
जवळ गेल्यावर मात्र दूर करणारी.... ।
काही नाती असतात
पैशाने विकत घेता येणारी,
तर काही प्रेमाने आपलेसे करणारी.... ।
काही नाती असतात.
न जोडता सुद्धा टिकणारी
तर काही जाडून सुद्धा तुटणारी ।

सौभाग्यवती भवः

कुठूण कसं देव जाणे
अनुरूप स्थळ आलं
विदर्भकन्येचं मराठवाड्याच्या
या पोरानी लगिन झालं
मी बोलका ती अबोल
अशी आमची एकही सवय जूळत नाही
छोट्या गोष्टीवरून कोमेजणारी तिची
खुलता कळी खुलत नाही.
बरं कोमेजायला कळी तिची
कारणही काही लागत नाही
बिचारी बायको माझ्याकडे
वेळेशिवाय काही मागत नाही
पण एकदा हसली की
हसू तिच पानावरच दवं आहे
आई शपथ
हाताला तिच्या अमृतासमान चव आहे
पण खरं सांगतो तू माझी आहेस
अजून काय हवं खुप प्रेम आणि
आशिर्वाद तुला अखंड सौ भाग्यवती भवः

जीवन एक संघर्ष

आपण जीवनाबद्दल विचार केल्यास आपल्याला अनक जीवनाच्या व्याख्या मिळतील त्यातील एक व्याख्या अतिशय गोड व निकट आहे ती म्हणजे जीवन एक संघर्ष. जन्म मृत्यू संसार आनंद दुःख दारिद्र्य, धन इत्यादी गोष्टीशी जो संघर्ष करतो त्याला जीवन म्हणतात जे आपल्या हातून होते त्याला जीवन म्हणतात जीवन म्हणजे जे नियतीने आपल्या समोर परिस्थिती ठेवली आहे ते जीवन आपल्याला आई-वडीलांकडून जे संस्कार भेटतात ते जीवन. ताई दादांचे जे स्नेह भेटते ते जीवन पति-पत्नीचे जे एक दुसऱ्याला प्रेम भेटते ते जीवन आपल्याला आपल्या मुलांकडून जो आदर भेटतो त्याला जीवन म्हणतात. काट्यांच्या सकडकेने जाऊन सोनेरी महालात मखमलांच्या गादीवर झोपतो त्याला जीवन म्हणतात ज्या गोष्टीशी आपण संघर्ष करू शकतो त्यालाच जीवन असे म्हणतात. आईच्या मायेतून पतिपत्नीच्या ओढीतून. नातेवाईकांच्या गाठीतून व संघर्षांच्या लढीतून शेवटी जो मातीत जातो त्या प्रवासाला जीवन म्हणतात. जीवनाची सुरुवात पण मातीतच होते आणि शेवटपण मातीतच होतो. आणि हेच जीवन आहे

आजच्या समाजातील स्त्रीचे स्थान

मी लहानपणापासून ऐकत आले एकविसाव्या शतकामध्ये स्त्री पुरुष समानता होणार. स्त्री समक्ष होणार. 2021 साल उजाडले पण स्त्रीयांच्या विषयी पुरुषांचे मानसिक विचार काही बदलले नाहीत. १८४८ साल पुण्यात मुलींची पहिली शाळा महात्मा ज्योतिबा फुले आणि सावित्रीबाई फुले यांनी चालू करुन स्त्रियांना जी दूरदृष्टी दाखवली त्याला खरंच आज तोड नाही. आजच जाचक धार्मिक बंधने आणि पुरुषसत्ताक व्यवस्थेच्या जात्यात रोज भरडल्या जाणाऱ्या लाखो स्त्रियांसाठी "शिक्षण" एक अपूर्ण असा आत्मभानाचा प्रकाश घेऊन आले. शिक्षण घेण्यासाठीचा स्त्रियांचा लढा हा कधीच सोपा नव्हता आजही नाही. निसर्गाने दिलेल्या जबाबदाऱ्या तर तिला पार पाडव्याच लागतात. त्याच बरोबर तिच्यावर लाढल्या गेलेल्या ही जबाबदाऱ्या ती पार पाडतच आहे.

महिलांना शिक्षणामुळे आत्मविश्वास झाला. त्या समक्ष झाल्या आहेत. पण त्यांचे सक्षमीकरण पचवू शकणारे पुरुष आपणाला समजा तयार करू शकलेला नाही. राजकीय पौगंडावस्थेमध्ये स्त्रिया वाहून जाताना दिसत आहेत. तर दुसरीकडे स्त्रियांची सामाजिक सुरक्षितता प्रचंड धोक्यात झालेली आहे. लहान मुलींवर लैंगिक अत्याचार वाढले आहेत. पुरुषसत्ताक मानसिकतेमुळे प्रेमात नात्यात नकार न पचवू शकणारे पुरुष तसेच एकतर्फी प्रेम करणारे पुरुष ऍसिड खून बलात्कार, चारित्र्यहीन करणारे पुरुष दिवसेंदिवस वाढतच आहेत. पुरुषसत्ताक अवस्थेमध्ये आजही तिला तिच्या लैंगिकतेविषयी अबोल राहावे लागत नाही.

आज स्त्रियांवर खूप अत्याचार होताना दिसतात. काही वेळेला तर स्त्रियांना खूप घाणेरडे असे अश्लील विनोदांना सामोरे जावे लागते. स्त्रियांच्या सुरक्षेचा विचार करताना आपणखी एका महत्वाच्या समस्थेला सामोरे जावे लागते ते म्हणजे मोठ्या मुली किंवा स्त्रियांना जसे बलात्काराचा सामना करावा लागतो तसेच कितीतरी निःश्याप जीवांना सुद्धा म्हणजेच २/३ वर्षांच्या मुलींना सुद्धा ह्या बलात्काराचा सामना करावा लागतो. या सर्वांमध्ये त्यांची काही चूक नसते तरी त्यांना या त्रासाला सामोरे जावे लागते. या सर्व गोष्टींमध्ये लोकांची बह्यायची भूमिका असते. कोणीही कसलीही पर्वा करत नाही. सर्वांनीच स्त्रियांना मानाने, आदराने वागवावे अशी विनंती स्त्रीही अनेक बाबतीत जशी स्वतंत्र विचारांची असते तसेच इतरांनीही तिला समजून घ्यावे आजच्या काळात स्त्रियांनी खूप मोठ्या प्रमाणात शिक्षण घेऊन पुरुषांच्या बरोबरीने प्रत्येक कार्यक्षेत्रात काम करून नाव कमावले आहे. याचा सर्वांनी आदर करावा.

स्त्रियांच्या बाबतीत आज २१ व्या शतकात फक्त चूल आणि मूल अशी परिस्थिती राहिलेली नाहीये. आजच्या २१ व्या शतकात मुली किंवा स्त्रिया या स्वतंत्र विचारांच्या जरी असल्या तरी त्यांची मर्यादा ओळखून वागायला हवे, त्यामुळे विनयभंग, बलात्कार अशा समस्या उद्भवणार नाहीत असे वाटते. स्त्रिया या सर्व कुटुंबाची जाबदारी स्विकारून नोकरी करतात, त्यावेळी घरच्यांनी सुद्धा पाठिंबा दिल्यामुळे त्या कोणत्याही परिस्थितीमध्ये स्वतःला खंबीरपणे सिद्ध करू शकतात. शिक्षणामुळे त्यांची प्रगती खूप मोठ्या प्रमाणात झालेली आपल्याला पहायला मिळते. या सर्व गोष्टी जरी खऱ्या असल्या तरी स्त्रियांना अनेक समस्यांना सामोरे जावे लागते.....

कविता

कविता म्हणजे विचारांचे नवल
जीवनाच्या रंगांची ओवी.
कविता म्हणजे शब्दांची रेशमी धारा,
ज्याने मनाला प्रकट होईल एक सूर नवा.
कविता म्हणजे गोडवे गाणारे राग,
जीवनातील वेदना आणि आनंद
कविता म्हणजे एका विचाराची वेगळी दिशा,
ज्याने आपल्याला आपलेच रूप दाखवले
कविता म्हणजे थोडक्यात आत्मविश्वास,
उल्हास आणि दुःखाचा शोध
कविता म्हणजे त्या अमूल्य शब्दांची संगती,
ज्यामुळे आपल्याला आपलेच आकाश दिसते.
कविता म्हणजे सुंदरतेचे चित्र,
हसऱ्या चेहऱ्याची गोडी,
कविता म्हणजे मनातील गोड गोंगं,
त्यामुळे मनाला सावरताना, दिला जातो नवा विश्वास.

माझे वडिल

“आयुष्यभर काळजी घेणारं, प्रेम करणारं,
जगातलं सर्वात मोठ आणि सुरक्षित, आभाळ
म्हणजे वडिल.... ।

वडिल म्हणजे जीवाला जीव लावणारं व्यक्तिमत्व । स्वतापेक्षाही जास्त जीव लावणारा, आपली एक ना एक इच्छा पूर्ण करणारा म्हणजे वडिल असतात. माझे वडिल माझ्या जीवनात महत्वाचे स्थान आहेत. त्यांचा उत्साह . त्यांचे नेतृत्व आणि त्यांच्या मूल्यांचा मला आदर्श आहे. त्यांचे जीवन सकारात्मक , संघर्षात्मक आणि प्रेरणादायी असून त्यांचे विचार मला सदैव प्रेरित करत असतात. माझे वडिल यांचे एक अदभूत व्यक्तिमत्व आहे ते आपल्या सर्व कठीण क्षणांमध्ये आपल्या पाठीशी खंबीरपणे उभे राहत असतात. त्यांच्या विचारांनी आणि अनुभवाने मला हे शिकवून दिले कि, जीवनात कोणत्याही समस्या आल्या तरी हार मानली नाही पाहिजे.

माझ्या वडिलांचे नांव चंद्रकांत आहे आणि ते शेतीकाम करतात. त्यांनी मला दुसऱ्याचा आदर करण्याची शिकवण दिली. माझ्या वडिलांनी सदैव मला माझी स्वप्न पूर्ण करण्याची प्रेरणा दिली. त्यामुळे माझ्या वडिलांचे महत्त्व माझ्या जीवनात अत्यंत मोलाचे आहे. त्यांच्या मूल्यांच्या आधारे मी आत्मविश्वास वाढवते आणि अधिक सामर्थ्यासाठी प्रयत्न करते. मला माझ्या वडिलांवर खूप अभिमान आहे आणि मी सदैव त्यांच्या शिकवलेल्या मार्गावरती चालण्याचा निश्चितपणे प्रयत्न करत राहिन. शेवटी एवढेच म्हणावंस वाटतं.....

“ सर्व जाणतात तु आहेस कठीर कणखर,
ते तुम्हा वरून पाहतात खरतर,
रोजचीच तुमची सततची घडपड,
नाही दिसणार कुणाला तुमची

मानसिक आरोग्याची काळजी

आजच्या गुंतागुंतीच्या आयुष्यामध्ये मानसिक आरोग्याचे महत्त्व जास्त जाणवू लागले. कामाचा ताण नात्यामधील वाढती क्लिष्टता, तंत्रज्ञानाचा वाढता वापर आणि त्यातून कोव्हिडसारख्या अचानक ओढवलेले संकट या सगळ्यांमुळे आपल्या मनाला अनेक मोठ्या बदलांना सामोरे जावं लागतं आहे. वास्तविक पाहता. बाहेरच्या जगात होणाऱ्या बदलांशी जुळवून घेण्याची आणि त्या प्रमाणे स्वतःचे अनुकूलन करण्याची क्षमता निसर्गाने माणसाच्या मनाला दिली आहे. आपले मानसिक आरोग्य सुट्ट करण्यासाठी आणि मनाची रोगप्रतिकारक शक्ती वाढवण्यासाठी आपण काही सकारात्मक मानसिक सवयी लावू शकतो.

आपला स्वसंवाद ही आपली मानसिक सवय बनलेला असतो. तो घटनांचा अर्थ तर लावतोच, शिवाय सोबत आपल्या या मानसिक सवयीला सुसंगत अशा भावना निर्माण करण्यातही त्याचा मोठा वाटा असतो. सकारात्मक, विवेकी व सर्जनशील स्वसंवाद सकारात्मक भावनांना जन्म देतो.

एखाद्याने आपण पाठवलेल्या संदेशाचे उत्तर देण्यास वेळ लावला. तर काय काय स्वसंवाद होतो बरे आपला? ही फारच शिष्ट व्यक्ती आहे. किंवा याला बहुतेक मी आवडत नाही. किंवा मी चुकीच्या वेळी मेसेज कला वाटतं. आता त्याला / तिला माझा राग आला असेल का? ही काही सामायिक नकारात्मक स्वसंवादाची उदाहरणे , त्यामुळे काही काळासाठी का होईना. मनात एक प्रकारची नकारात्मक भावना तयार होते. कधी कधी अस्वस्थ वाटते, काहीना तर नैराश्यही येते. दुसऱ्या बाजूला सकारात्मक, वा विवेकी स्वसंवाद असेल? तो/ती कामात असेल. त्यामुळे वेळ लागला असेलच माझे तातडीचं काम नाही. त्यामुळे वेळ लागला असेल. मी निवांत वाट पाहू शकतो/ते उत्तराची गरज पडल्यास सरळ फोन लावेन.

या उदाहरणांत आपण आपली मानसिक शांतता सुरक्षित ठेवू शकतो. साहजिकच हा सकारात्मक स्वसंवाद रुजवणे आपल्या मानसिक व भावनिक स्थैर्यासाठी आवश्यक ठरते. अनेक वर्षे आपल्या मनाला लागलेली ही सवय असली, तरी ती बदलण्यासाठी आपण नक्कीच काही गोष्टी करू शकतो. हा सकारात्मक स्वसंवाद तयार करण्यासाठी आपल्याला सुरुवात करण्यासाठी आपल्याला सुरुवात करावी लागेल ती आंतरिक निरीक्षणापासून एखादी अप्रिय वा अवघड परिस्थिती सामोरी येईल, तेव्हा स्वतःला भावनिकदृष्ट्या या परिस्थितीतून बाहेर काढून, आपल्या मनात नेमका काय स्वसंवाद होतो आहे, ते त्रयस्थ्यासारखा बघण्याचा प्रयत्न करून. आपली भावनिक प्रतिक्रिया काय येतेय मला तसे का वाटले, याचा शोध घेऊन. एक प्रयोग म्हणून पुढचे २४ तास याचे निरीक्षण करण्याचा प्रयत्न करा. वही व पेन घेऊन वारंवार येणारा स्वसंवाद लिहून काढा.

पुढचा टप्पा अर्थातच जाणीवपूर्वक सकारात्मक आणि विवेकी स्वसंवाद रुजवण्याचा स्वतः ला काही प्रश्न विचारून हे आपण करू शकतो. उदाहरणार्थ मी दिलेली कोणती प्रतिक्रिया माझ्या व इथे सहभागी असलेल्या सर्वांच्या भल्याची असेल. या पुढे काय केल्याने शांततापूर्वक मार्गाने आपण पुढे जाऊ शकू. मला जे वाटतं आहे, ते खरंच १०० टक्के तसंच आहे का? या घटनेचा वा वाक्याचा दुसरा काही अर्थ असू शकेल का? याचसोबत स्वतःला प्रोत्साहन देणारा स्वसंवाद आपल्याला कठीण, तणावपूर्ण व्यक्ती व परिस्थितीला टॉड द्यायला मदत करतो. उदा, माझ्याकडे या प्रसंगातून मार्ग काढण्याची क्षमता आहे. मी ही परीक्षा नक्कीच उतीर्ण होऊ शकतो. माझ्याकडे माझ्या प्रेमाच्या माणसांना, नात्यांना जपण्याचे कौशल्य आहे आणि मी ते अजून उत्तम करण्यासाठी प्रयत्नशील आहे.

सुरुवातीला आपल्याला अशा प्रसंगी जाणीव पूर्वक वेळ घेऊन विचार करावा लागेल. मात्र, काही काळ हे केल्यानंतर आणि या सकारात्मक स्वसंवादाची गोड फळे चाखल्यानंतर मनालाही सकारात्मक सवय जखर लागेल. सातत्य ही सवय अजून दृढ करेल. सकारात्मक स्वसंवादाने आपल्या स्वतःच्या आत असलेल्या स्वतः सोबतच्या नात्यावर काय परिणाम होतात.

जगणं म्हणजे काय?

मानवी जीवन अनमोल आहे. पण ते फुकट मिळालेलं आहे. न मागता आणि फुकट मिळालेल्या गोष्टीची किंमत कुढं असते. आपण केवळ श्वास घेत राहतो सवयीन. दिवस येतात, जातात. जीवचन मात्र अडगळीत असतं. खरतर माणूस जगतो कशासाठी. तर जगण्यासाठीच । प्रश्नाच्या तळाशी गेलं तर एवढं साधं या प्रश्नाचं उत्तर आहे. जीवन जटील नाहीच, पण व्यवस्थेच्या बाजारात हे जगणंच का हरवून बसतो आपण ? का आयुष्यभर इतरांशी तुलना करत, त्यांचं वैभव त्यांची प्रतिष्ठा बघत स्वतःला ठेगणं करून घेतो?

माणूस या जगात येतो तेव्हा सोबत कोणती जात नसते. धर्म-संप्रदाय नसतो. प्रत्येक जण एकाच रंगाचं रक्त घेऊन जन्माला येते. कुणी लहान नाही, कुणी मोठा नाही. पण जसजसा वाढू लागतो, तसतसा एक मुखवटा चढत राहतो त्याच्या चेहऱ्यावर. साध्यासुध्या आयुष्यात किती भटकतो आपण जगरहाटीच्या वाळवंटात । एवढं सुंदर जीवन हातात असताना झूढया भविष्याची झूल पांघरून चालतो. ही झूल कधी पद-प्रतिष्ठेची तर कधी धनदौलतीची असते. माणसू धावत राहतो. टॉलस्टॉयच्या कथेतल्या पोखम सारखा अविश्राम । सूर्यास्तापर्यंत जेवढी जमीन पायाखाली येईल तेवढ्या जमिनीच्या मालकीसाठी अथक धावत राहयचं. अखेरच्या श्वासापर्यंत सारी शक्ती पणाला लावून आयुष्य गमावत रहायचं मन कधी समृद्ध होत नाही.

या धापाधापीत जीवन वजा होतं आणि माणूस खंगता. जीव गुदमरून टाकणाऱ्या या चढाओढीत सिंकंदर होतो येईल माणसाला, डोक्यावर सम्राटाचा मुकूट असलेला पण जगण्याचे सोनेरी क्षण कुठं हातात असतात. काळ मोठा कठोर असतो मृत्यूच्या उंबरठ्यावर सम्राटाचा मुकूट उतरवून ठेवावा लागतो आणि सोबत रिकाम्या हातांचे प्रायश्चित्त असते. सारा अहंकार गळून पडतो. या दौडीत एकही पावलापुरता सुखशांतीचा सिंकंदर नाही होता येत माणसला आपलं खरं जीवन कायम दुर्लक्षित राहवं अडगळीच्या खोलीसारखं. वेळ येईल तेव्हा वापरून घेऊ म्हणून ठेवलेल्या सामानासारखं आयुष्य होऊन जातं. निर्जीव निष्प्राण । कधीतरी सुखी होऊ, आनंदाचं गाणं गाऊ या भ्रमात वर्तमान कणाकणानं निसटतो बंद मुळीतून.. वाळूसारखा अपार अथांग सुखाचा किनारा डोळ्यांना दिसत नाही. उत्सव कधी साजराच होत नाही. आयुष्याचा आणि आयुष्याला सीमा आहेत. शाश्वत नाही ते अखेर आसक्तीचे गाठोडे इथेच ठेवावे लागते किनाऱ्यावर.

ही खंत बाकी उरावी एवढे स्वस्त आहे मानवी जीवन? अणि एवढा उथळ आहे जीवनाचा अर्थ? आयुष्याच्या जात्यावर दिन-रात दळत राहायचे, पण भरडलं जाताना निखळ आनंद अंतःकरणात कागळत नाही, हा खरा प्रश्न आहे. आपल्याच नाभीतील कस्तुरी दिसत नाही मृगाला. प्राणात भरून ठेवाव्या अशा सुगंधाच्या नादात गम सैरभैर दौडत राहतो कस्तुरीमृग.... जीवाच्या आकांतानं । असा कस्तुरीमृग होऊन जगायचं की कस्तुरीचा शोध घ्यायचा आपण हा गुंता उकलता आला तर किती विलोभनीय आहे जीवन । सजगतेनं जगता आलं तर सुखाचा स्वर्ग मनातच उभासा येतो आणि हेच मानवी जीवनाचं उत्तर आहे. माणसाचं समृद्ध जगणं आणि आयुष्य सार्थकी लागणं याहून वेगळं काय असतं?

सिंधुताई सपकाळ

स्त्रियांना जीवन जगणे खूप कठीण आहे. कोणतीही स्त्री असो, तिला जीवनात प्रत्येक अडचणींना सामोरे जावे लागते. आपल्या भारत देशाला अनेक समाजसुधारक स्त्रिया लाभलेल्या आहेत त्यातिलच एक उदाहरण म्हणजे सिंधुताई सपकाळ. त्यांना “अनाथाची आई” म्हणून ओळखले जाते.

सिंधुताईचा जन्म १४ नोव्हेंबर १९४८ रोजी महाराष्ट्रातील वर्धा जिल्ह्यात एका गरीब कुटूंबात झाला. सिंधुताईचे लग्न श्रीहरी सपकाळ यांच्याशी झाले. ते सिंधुताईपेक्षा २६ वर्षांनी मोठे होते. कुटूंबात चैक्षणिक वातावरण नसल्याने त्यांना चौथी नंतरच शाळा सोडावी लागली. सिंधुताईचे हे लग्न फार काळ टिकले नाही. त्यांना नवऱ्याने हाकलून टाकले आणि सख्या आईनेसुद्धा त्यांच्याकडे पाठ फिरवली. सिंधुताई आपल्या लहान मुलीला घेऊन रेल्वे स्टेशनवर राहत आणि भीक मागून आपले पोट भरत. त्यानंतर त्यांनी सन्मानात राहायला सुरवात केली. त्यांनी आपल्या मुलीला सेवासदन येथे दाखल केले आणि स्वतः अनाथ मुलांची सेवा केली. त्यांनी निराधार मुलांना अचार म्हणून अनेक अनाथ आश्रमांची स्थापना केली. मुलींसाठी वसतिगृह स्थापन केले. सिंधुताई चिखलघरा येथे सर्वात पहिले आश्रम बांधले. त्यांना सर्वजन माई म्हणून संबोधतात. त्यांनी आश्रय दिलेले बरेच लोक आता प्रतिष्ठित ठिकाणी डॉक्टर, वकिल म्हणून कार्य करतात. त्यांना त्यांच्या कार्यासाठी सुमारे ७५० राष्ट्रीय आणि आंतरराष्ट्रीय पुरस्कार मिळाले आहेत.

सिंधुताईनी कठीण परिस्थितीवर मात करून गरीब अनाथ मुलांची सेवा केली आणि आपल्या सर्वासमोर एक आदर्श उभा केला महिलांवर होणारे अत्याचार लक्षात घेऊन त्यांनी समाजसेवेचे कार्य हाती घेतले. अनाथांच्या त्या माई होत्या अशा या माईचे ४ जानेवारी २०२२ रोजी हृदयविकाराच्या झटक्याने पुण्यात निधन झाले.

स्त्री

आरजू है तुम्हें पाने की,
और कोई चाहत नहीं दीवाने की,
शिकवा मुझसे नहीं खुदा से करो
क्या जरूरी थी तुम्हें खूबसूरत बनाने की
वो आपका पलकें झुका के मुस्कुराना,
वो आपकी नजरे झुका के शर्माना,
वैसे आपको पतो हैं या नहीं हमें पता नहीं,
पर इस दिल को मिल गया है उसका नजराना..
आप खूबसूरत है इतने
कह हर शख्स की जुबान पर आप ही का तराना है
हम नाचीज तो कहाँ किसी के काबिल,
और आपका तो खुदा भी दीवाना है
कितना हसीन चाँद सा चेहरा है
उस पे शबाब का रंग गहरा है,
खुदा को यकीन, ना था वफा पे
तभी तो एक चाँद पे हजारो तारों का पहरा है
चाँद सा ये चेहरा देखने की इजाजत दे दो
मुझे ये शाम सजने की इजाजत दे दो
मुझे कैद कर लो अपने इश्क में या फिर
मुझे इश्क करने की इजाजत दे दो...

आज का दौर....

बढ़ती तकनीक, हर हात में स्क्रीन है,
जिंदगी अब रील में और दूनिया मशीन है।
जुनुन तो है, पर रोजगार कम है,
डिग्रियों के ढेर पर भी, सपनों में दम है।
सोशल मीडिया पर सब हँसते नजर आते हैं,
हकीकत में लेकीन, कई अंदर से टूट जाते हैं।
लाइक्स की भूख, और फीलीअर्स का नशा,
रिश्तो की गर्मी अब ठंडी हवा बना।

महंगाई कहर बनकर छाई है,
आम आदमी की थाली भी अब महंगी आई है।
पर्यावरण भी अब कहर रहा है,
प्रकृति इंसान को जवाब दे रहा है।
बदल रहा है वक्त, समझो इसके इशारे
अब जरूरत है सोच की, सिर्फ सरकार के सहारे नहीं।
युवा ही भविष्य है, यही वक्त है जागने का,
एक नया सवेरा लाने का, मिलकर कुछ करने का।

असली सुंदरता

बहुत सुंदर है वह इंसान,
जिसे अपनी जिम्मेदारियों का एहसास है और वह उन्हें
पुरा करने के लिए कड़ी मेहनत कर रहा हो,
अपने पास से लड़ रहा हो
जिंदगी में कुछ अच्छा करने की जिद्द के
चलते, वह अपने हर एक डर से जुझ रहा हो,
भले ही भविष्य धुंधला दिख रहा हो, पर
वह कोशिशों पर कोशिशें किए जा रहा हो,
खुद के साथ गलत होने पर भी, वह लोगों में
खुशियाँ बाँट रहा हो, कुछ इंसानों द्वारा
धोखा खाने के बाद भी, वह लोगो पर से
भरोसा नहीं खो रहा हो, तरह-तरह की
नकारात्मक बातों के बीच वह सकारात्मकता ढूँढ रहा हो,
सम्मान, अपनापन, सहजता का
एहसास किसी को कैसे दिया जाता है ?
यह ना सिर्फ शब्दों से बल्कि अमल में
लाकर दिखा रहा हो....

क्या खोजते हो दुनिया में
जब सब कुछ तेरे अन्दर है।
ज्यों देखते हो औरो में
जब तेरा मन ही दर्पण है।
दुनिया बस एक दौड़ नहीं
तू भी अश्व नहीं, है घावक।
रुक कर खुद से बातें करले
अन्तर मन को शान्त तो करले।
सपनों की गहराई समझो
अपने अन्दर की अच्छाई समझो।
जीवन को तुम खुलकर जीलो

शिक्षा का महत्त्व...

शिक्षा मुनष्य के जीवन का सबसे महत्वपूर्ण आधार है। यह न केवल ज्ञान प्रदान करती है, बल्कि सोचने, समझने और सही निर्णय लेने की क्षमता भी विकसित करती है। शिक्षा से ही एक व्यक्ति अपने जीवन को बेहतर दिशा दे सकता है और समाज में सम्मान प्राप्त कर सकता है।

आज के आधुनिक युग में शिक्षा केवल किताबी ज्ञान तक सीमित नहीं है, बल्कि यह एक ऐसा माध्यम बन गई है जो व्यक्तिगत विकास नैतिक मुल्यों और आत्मनिर्भरता को भी बढ़ावा देती है। एक शिक्षित व्यक्ति न केवल अपने लिए, बल्कि समाज और देश के विकास में भी महत्वपूर्ण योगदान देता है।

शिक्षा से सामाजिक कुरीतियों जैसे बाल विवाह अंधविश्वास और लिंग भेदभाव को मिटाया जा सकता है। यह व्यक्ति को जागरूक बनाकर उसे अपने अधिकारी और कर्तव्यों के प्रति सजग बनाती है।

निष्कर्षता : शिक्षा न केवल व्यक्ति की सोच को बदलती है। बल्कि समाज की भी सकारात्मक दिशा में अग्रसर करती है। अतः हमें चाहिए कि हम स्वयं शिक्षित हो और दुसरो को भी शिक्षा के लिए प्रेरित करे।

रंग - ए - दोस्ती...

तुम्हारी दोस्ती मैं है एक अलग ही रंग
जो मेरे दिल को करता है अनोखा सा रंग
तुम्हारे साथ बिताए पल, वो सबसे खास
हँसी, आंसू, और मुस्कान का एक अनमोल पास

तुम मेरी बहन नहीं, लेकिन बहन से भी ज्यादा हो
मेरे लिए तुम्हारी दोस्ती एक अनमोल तोहफा है
तुम्हारे साथ मैं खुद को सुरक्षित महसूस करता हूँ
तुम्हारी दोस्ती में मुझे एक अनोखा सा प्यार मिलता है

तुम्हारी मुस्कान में हे एक अलग ही चमक
जो मेरे दिल को करता है रोशन और चमकदार
तुम्हारे साथ बिताए लम्हे, वो सबसे अनमोल,
एक दोस्ती जो दिल से दिल तक जाती है, वो सबसे खास है।

पूरी स्कूल लाईफ.....

सुबह सुबह मम्मी ने ही उठाया है।
अब अलार्म के भरोसे उठता हूँ आज भी चार बार सुज
दबाया है।

बिना नाश्ता किए मम्मी घर से निकलने नहीं देती थी,
कैंटीन में कुछ खाने के लिए पैसे अलग से देती थी।
अब नाश्ता स्किप हो के सिधा लंच का नंबर आता है,
फ्लैटमेट्ट ने एक बंदा रखा है खाना वही बनाता है,
आज आलु पराठा बना या पराठा फिरसे कच्चा था।

मे स्वामखा ही बडा हुआ यार बचपन ही अच्छा था।

बस टेस्ट की टेंशन होती थी या होमवर्क निपटाने की
ना मीटिंग्स वाली दिक्कत थी ना पॉलिटिक्स सुलझाने की,
नींद भी चैन की आती थी और सपनों में खो जाता था।
बिना बात की बातों पे हँसके कई लिटर खून बढाता था,
अब कॉर्पोरेट स्माइल देता हूँ तब का मुस्काना सच्चा था।

मे स्वामखा ही बडा हुआ यार बचपन ही अच्छा था।

दोस्त भी तब के सच्चे थे,
जान भी हाजिर रखते थे
ज्यादा नंबर पे चिढ़ जाते थे,
पर मुँह पे गाली बकते थे
कंपटीशन तो तब भी था,
बस स्ट्रेस के लिए जगह ना थी।
हर रोज ही हम लड लेते थे,
और लडने की कोई वजह ना थी।
अब दोस्ती भी है हिसाब की,
किसने किसपे कितना खर्चा था।

मे स्वामखा ही बडा हुआ यार बचपन ही अच्छा
था... बचपन ही अच्छा था...।

शिक्षा के वैज्ञानिक न होते के परिणाम...

शिक्षा विज्ञान कि आधारशिला है। विज्ञान न हि अच्छा होता है और न ही बुरा होता है। हमारी आवश्यकताएँ उनकी उपयोगिता को अच्छी या बुरी बनती है। विज्ञान के दुरुपयोग होने की संभावना रहने पर भी हमें खोज और अविष्कार को समाज के सामने लाना चाहिए। समाज के विकास के लिए जरूरी है कि हक अधिक से अधिक प्रयोग करे। प्रयोग के तौर पर नए नए अविष्कारों को उपयोग में लाये। ताकी उन अविष्कारों की उपयोगिता तथा उनके प्रभाव की माप को निर्धारित किया जा सके विज्ञान और तकनिक का भविष्य में सदुपयोग किया जाना चाहिये और नकारात्मक सोच के प्रभाव को कम किया जाना चाहिए। वैज्ञानिक न होने के परिणाम...

सबसे पहले यह समझते है कि शिक्षा का वैज्ञानिक होने का अर्थ क्या है? वह शिक्षा जो किसी वैज्ञानिक सिद्धांत पर आधारित हो वैज्ञानिक शिक्षा कहलाती है तथा वैज्ञानिक शिक्षा की सबसे बड़ी विशेषता यह है कि वह तथ्यों पर आधारित होती है। इस शिक्षा की उत्पत्ती का कोई न कोई कारण होता है तथा इसकी सभ्यता की पुष्टी होती है। वैज्ञानिक शिक्षा के द्वारा ही अंधविश्वासों को दूर किया जा सकता है। हैद्राबाद में एक शख्स ने एक बच्चे की बली दे दी थी।

तंत्रीक के कहने पर उस शख्स ने चन्द्रग्रहण के दिन पुजा की तथा बच्चे को छत से फेंक दिया ताकी उसकी पत्नी की बिमारी ठीक हो सकें। यही अंधविश्वास है जिसकी जड़ पुरी विश्व में फैल गयी है। अखिर इस अंधविश्वास का कारण क्या है। शिक्षा की वैज्ञानिकता का आधार नहीं है।

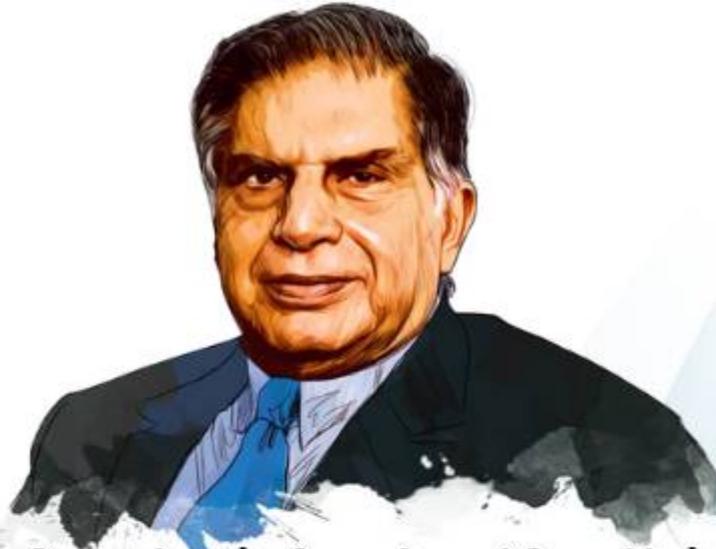

यदी उस व्यक्ति ने शिक्षा ग्रहण की होती तो वह जानता कि मेडिकल साइंस में बीमारी को इलाज किया जाता है। किसी बिमारी को दूर करने हेतु दुसरे के जिवन की, बली नहीं दी जाती है।

वैज्ञानिक शिक्षा वह है जो वास्तविक हो जिसे जाचा गया हो जो विभिन्न प्रयोगों द्वारा सिद्ध की गयी है। ऐसा नहीं कि कुछ लोगों द्वारा अपने निजी स्वार्थों की पूर्ती के लिए प्रोत्साहन हेतु दिया जाने वाला ज्ञान जो किसी तथ्य पर आधारित नहीं हो। मनुष्य शिक्षित होने के कारण एवं सामाजिक प्राणी है। अंधविश्वासों को दूर करने में शिक्षा की भुमिका.....

दुनिया मैं जगह-जगह अंधविश्वास प्रचलित है क्योंकि मनुष्य अपने भाग्य पर अपने सारे झंझटों को छोडकर मुक्त होना चाहता है। कार्यों को भाग्य अवसर तंत्र मंत्र टोने, जादू के ऊपर निर्भर रहकर करते है। जब लोग अपनी सीमित बुद्धी से जुडे कोई काम देखता है तो वह अपने ईष्ट देवता को पहले पुकारता है तो वह देवी देवता को मानने लगते है। यह परमारा गांव से लेकर शहर तक लोगो को यह डर का भय बना रहता है। भले ही वह अज्ञात देवी शक्ति उसके अन्तर की ज्योति हो। फिर भी इसको सोचने - विचारने का उनके पास समय या बुद्धि है ही कहा? सफलता प्राप्त होने पर संपुर्ण श्रेय उसके परिश्रम को न मिलकर उसी अज्ञात शक्ति या भाग्य को दिया जाता है। गाँवो में सबसे अधिक से अधिक देवी - देवता पर विश्वास करते है जो साल में एक बार अपने देवताओं की पुजा करते है।

रतन टाटा...

रतन टाटा एक प्रसिद्ध भारतीय उद्योगपति, परोपकारी और टाटा समूह के पूर्व चेअरमैन है। रतन टाटा का जन्म 28 दिसंबर 1937 मुंबई, भारत में हुआ। रतन टाटा ने कॉर्निल विश्वविद्यालय में अर्किटेक्चर में स्नातक किया और बाद में हार्वर्ड बिजनेस स्कूल में एक एडवांस मैनेजमेंट प्रोग्राम पूरा किया। रतन टाटा ने 1962 में टाटा समूह के साथ काम करना शुरू किया। उन्होंने सबसे पहले टाटा स्टील के शॉप फ्लोर पर काम दिया। रतन टाटा को 1991 में टाटा समूह का चेअरमैन बनाया गया। उनके नेतृत्व में टाटा समूह ने टाटा मोटर्स, टाटा स्टील, टाटा कंसल्टेंसी सर्विसेस और अन्य कंपनियों को वैश्विक स्तर पर फैलाया।

टाटा ने टेटली, कोरस, जगुआर – लैंड रोवर और डाएक्सिस जैसे अंतरराष्ट्रीय ब्रांड्स का अधिग्रहण किया। 2008 में उन्होंने दुनिया की सबसे सस्ती कार टाटा नैनो लॉन्च की। रतन टाटा को भारत का तीसरा और दुसरा सबसे बड़ा नागरिक सन्मान, पद्मभूषण 2000 और पद्मविभूषण 2008 से सन्मानित किया गया। रतन टाटा अपने सादगीपूर्ण जीवन, ईमानदारी और परोपकर के लिए भी जाने जाते हैं। उन्होंने शिक्षा, स्वास्थ्य और ग्रामीण विकास के क्षेत्रों में कई सामाजिक पहल की हैं।

वे बहुत ही विनम्र, सीधे और कम बोलने वाले व्यक्ति माने जाते हैं। उन्हें कुत्तों से बहुत प्यार था। मुंबई में टाटा मुख्यालय “बॉम्बे हाऊस” में भी कुत्तों के लिए एक विशेष शेल्टर है।

उन्होंने टाटा ग्रुप को पारंपारिक भारतीय कंपनियों से एक वैश्विक ब्रांड में तब्दील किया। जगुआर और लैंड रोवर जैसे लक्जरी ब्रांड्स को खरीदना एक बहुत साहसी कदम था, जिसे पहले कई लोगो ने गलत माना, लेकिन बाद में यह एक बड़ी सफलता साबित हुई। उन्होंने हमेशा नवाचार को बढ़ाव दिया, जैसे की टाटा नैनो और स्वच्छ जल समाधान जैसी योजनाएँ। रतन टाटा ने २०१२ में टाटा ग्रुप के चेअरमैन पद से रिटायरमेंट ले लिया था। रतन टाटा ने कई सारी कंपनियों में निवेश किया था।

वे कहते थे – “ मैं ऐसे विचारों में निवेश करता हूँ जिनमें समाज के लिए कुछ अच्छा करने की क्षमता हो। २००८ के मुंबई हमले में ताज होटल के कर्मचारियों और उनके परिवारों की मदद के लिए उन्होंने खुद आगे आकर काम किया था। रतन टाटा न केवल एक उद्योगपति हैं, बल्कि एक आदर्श नेता, इंसानियत के प्रतीक, और भारत के लिए गर्व की बात हैं।

अंतिम - कोशिश.....

पुराने समय में एक राजा के राज्य को चारों ओर से शत्रुओं ने घेर लिया था। राजा के पास शत्रुओं के मुकाबले बहुत कम सैनिक थे। इस वजह से राजा की सेना बहुत समय तक शत्रुओं से लड़ नहीं सकी। राजा किसी तरह शत्रुओं से बचकर एक गुफा में छिप गया। शत्रुओं के सैनिक भी उस गुफा तक पहुंच गए। सैनिकों को लगा कि राजा इस गुफा में छिपा होगा तो उन्होंने बड़े बड़े पत्थरों से गुफा का दरवाजा बंद कर दिया। गुफा के अंदर से राजा ये सब देख रहा था लेकिन शत्रुओं की संख्या अधिक थी, इसलिए वह चुपचाप बैठा रहा। राजा थका हुआ था। भूख-प्यास की वजह से वह निराश हो गया था। उसके शरीर में शक्ति नहीं बची थी। शत्रुओं के सैनिक गुफा का द्वार बंद करके वहाँ से चले गए। इसके बाद राजा ने सोचा कि अब तो मेरा जीवन यहीं खत्म हो जाएगा।

वह गुफा से कभी बाहर नहीं निकल पायगा। राजा निराश हो चुका था, तभी उसे अपनी माँ की एक बात याद आयी। राजा की माँ कहा करती थी कि कुछ तो कर युं ही मत मर। ये बात याद आते ही राजा को एक नई उर्जा मिल गई। उसने सोचा कि कोशिश किए बिना हार नहीं मानना चाहिए। राजा गुफा के द्वार से पत्थरों को हटाने का काम शुरू कर दिया। कड़ी मेहनत के बाद राजा ने बड़े-बड़े पत्थर खिरकाकर बाहर निकलने का छोटा सा रास्ता बना लिया। गुफा से बाहर निकलकर राजा अपने मित्र राजाओं के पास पहुंचा। मित्र राजाओं की मदद से उसने शत्रुओं को पराजित कर दिया और अपना राज्य वापस प्राप्त कर लिया।

सीख : हमें अंतिम समय तक कोशिश करते रहना चाहिए। असफल होने पर एक फिर से प्रयास जरूर करना चाहिए। जब तक सफलता न मिल जाए कोशिश करते रहना चाहिए।

व्यायाम का महत्व...

यह लेख शारीरिक और मानसिक स्वास्थ्य दोनों के लिए व्यायाम के महत्व पर जोर देता है। यह इस बात पर प्रकाश डालता है कि नियमित व्यायाम वजन को बनाए रखने, वजन घटाने में सहायता करने और मांसपेशियों के विकास के लिए महत्वपूर्ण है। इसके लाभ शरीर में ऑक्सीजन के स्तर और रक्त प्रवाह में सुधार तक फैले हुए हैं। लेख में यह भी चर्चा की गई है कि व्यायाम मस्तिष्क कोशिकाओं, विशेष रूप से हिप्पोकेम्पस में, जो सीखने और स्मृति निमंत्रण में भूमिका निभाता है, के स्त्राव में कैसे योगदान देता है। इसके अतिरिक्त, दैनिक व्यायाम एकाग्रता को बढ़ाता है, जिससे अल्जाइमर जैसी बीमारियों का जोखिम कम होता है। लेख समग्र स्वास्थ्य के लिए काम, आराम और शारीरिक गतिविधियों के बीच संतुलन बनाए रखने के महत्व पर जोर देकर समाप्त होता है स्वस्थ जीवनशैली के एक महत्वपूर्ण घटक के रूप में दैनिक व्यायाम को प्रोत्साहित करना है।

स्वस्थ जीवनशैली बनाए रखने के लिए व्यायाम आवश्यक है। यह एंडोर्फिन - प्राकृतिक मूड लिफ्टर जारी करके तनाव, चिंता और अवसाद को कम करने में मदद करता है। यह आत्मविश्वास भी बढ़ाता है और नींद की गुणवत्ता में सुधार करता है, जिससे समग्र स्वास्थ्य बेहतर होता है।

अपनी दिनचर्या में सिर्फ 30 मिनट की मध्यम व्यायाम, जैसे की पैदल चलना साइकिल चलाना या योगा करना, बहुत बड़ा बदलाव ला सकता है। चाहे आप युवा हों या बूढ़ें सक्रिय रहना एक लंबा, स्वस्थ और खुशहाल जीवन सुनिश्चित करने के सर्वोत्तम तरीकों में से एक है।

पर्यावरण

मनुष्य से पहले ये जग,
कितना सुंदर होता था ।
थी हर जगह हरियाली,
जंगल शांत नींद में सोता था ।
कह रहा हर एक पेड़,
पहले जग जन के दुःख से ना रोता था ।
मनुष्य हो गया बड़ा स्वार्थी,
जग जग के स्वार्थको न धोता था ।
था गंगा का जल अमृत सा,
न जल पवित्रता को खोता था ।
हो गई है विष ये वायु,
पहले यही जीवन का श्रोता था ।

अहंकार

मानव जीवन में सफलता, सम्मान और समृद्धि की इच्छा स्वाभाविक है। परंतु जब यह सफलता हमारे भीतर अहंकार का बीज बो देती है, तब वही सफलता हमारे पातन का कारण बन जाती है।

अहंकार यांनी स्वयं को श्रेष्ठ समझने का भाव। यह एक ऐसा मानसिक बंधन है जो न केवल दूसरों से दूर बना देती है। बल्कि आत्मिक शांति और विकास में भी दिवार खड़ी कर देता है। अहंकार के वशीभूत व्यक्ति अपने भीतर की सच्चाई से दूर हो जाता है। उसे लगता है कि वही सर्वश्रेष्ठ है और बाकी सभी उनके निचे हैं।

समाज, परिवार और कार्यस्थल पर अहंकारी स्वभाव संबंधों को तोड़ने का काम करता है। जहां विनम्रता और आत्म ज्ञान व्यक्ति को उंचाइयों तक पहुंचाते हैं वही अहंकार उसे एक कृत्रिम दुनिया में बंध देता है, जहाँ केवल स्वार्थ और दिखावा होता है।

जीवन में विनम्रता और सहिष्णुता अपनाकर ही हम सच्चे विकास की ओर बढ़ सकते हैं। अहंकार जितना त्यागोंगे, जीवन उतना ही सुंदर और सरल बनता जाएगा।

सिनेमा - एक आधुनिक हाथियार...

सिनेमा केवल मनोरंजन का साधन नहीं है, बल्कि आज के दौर में यह एक शक्तिशाली माध्यम बन चुका है, जो जनमानस की सोंच व्यवहार और समाज की दिशा को प्रभावित करने की ताकत रखता है। इसे हम आधुनिक युग का हथियार कह सकते हैं- एक ऐसा हथियार जो गोलियों से नहीं, बल्कि विचारों और भावनाओं से लडता है।

- सिनेमा की शक्ति :

सिनेमा में वह क्षमता है कि वह समाज के बड़े मुद्दों को सरलता से जन-मन तक पहुँचा सके। जातिवाद, भ्रष्टाचार, लैंगिक असमानता, बाल मजदूरी जैसे विषयों पर बनी फिल्मों दर्शकों की सोच में बदलाव लाने का कार्य करती है। उदाहरणस्वरूप, फिल्मों जैसे पिक , चक्रव्यूह, दंगल, उरी, या जवानी जानेमन आदि न केवल मनोरंजन करती है, बल्कि सामाजिक संदेश भी देती है।

- जनमत निर्माण में भूमिका:

राजनीति से लेकर सामाजिक आंदोलनों तक, सिनेमा लोगों की राय और दृष्टिकोण को प्रभावित करता है। कई बार किसी फिल्म में दिखाया गया दृश्य या संवाद, किसी आंदोलन का प्रतीक बन जाता है। फिल्मों के डायलॉग्स नारे बन जाते हैं।

- संस्कृति और पहचान का संरक्षण :

जहाँ एक ओर यह वैश्वीकरण के प्रभाव में संस्कृति को खोने से बचाता है, वहीं दूसरी ओर क्षेत्रीय भाषाओं और परंपराओं को लोकप्रिय बनाता है। मराठी, पंजाबी, बंगाली, या तामिल ने स्थानीय कहानियों को ग्लोबल स्तर तक पहुँचाया है।

- नकारात्मक प्रभाव....

हालांकि यह हथियार दोनों ओर वार करता है। कुछ फिल्मों हिंसा, नशे, अपराध या अश्लीलता को बढ़ावा देकर युवा पीढ़ी को भ्रमित भी कर सकती हैं। इसलिए फिल्म निर्माण में जिम्मेदारी का भाव आवश्यक है।

- निष्कर्ष :

सिनेमा आज केवल मनोरंजन नहीं, बल्कि समाज को दिशा देनेवाला, सोचने पर मजबूर करने वाला और कई बार क्रांती लाने वाला आधुनिक हाथियार बन चुका है। इसे समझदारी से उपयोग करना ही इसकी असली शक्ति है।

कर्म

आपने जरूर कुछ ऐसा किया है या कर रहे हैं जिसके कारण आप दुखी है।

परमात्मा कभी भूल नहीं करते।

प्रकृति कभी गलती नहीं करती।

तुम अपनी जिन्दगी को देखो, तुमने जो कुछ दिया है, वही मिल रहा है। तुमने जो कुछ बोया है, वही काट रहा हो।

तुम भूल जाते हो, बोते समय तुम सोचते हो बीज तो हमने बोये थे अमृत के और फल मिल रहे हैं विष के।

किया तो था हमने भला और हो रहा है बुरा।

दिये थे आशीर्वाद और मिल रही हैं गालियाँ।

दिया था प्यार और मिल रही है फटकार।

नहीं, यह संभव नहीं है।

यहाँ इंच-इंच का हिसाब है, रत्ती-रत्ती का हिसाब है।

तुमने जो किया है, वही मिल रहा है।

खेत

खेतों में लहराते धान के बाल,

किसानों के जीवन का है यही कमाल।

हल चलाते, बीज बोते, मेहनत से सिंचाई,

धरती मां की गोद में, खुशहाली की छाई।

सूरज की तपिश में, पसीने की धारा,

हरियाली की चादर ओढ़े, धरती हुई प्यारी सारा।

बैलगाड़ी की चरमराहट, खेतों की सजी हुई रौनक,

किसानों के सपनों का है यह अनोखा संगम।

खेतों में फसलें, आशीर्वाद के फूल,

मेहनत के रंग से, सजी यह धरा कूल।

गन्ने की मिठास, गेहूं की सोने जैसी चमक,

किसानों की मेहनत से, धरती बनती अमृतधारा की झलक।

कभी सूखा, कभी बाढ़, कठिनाईयों का सामना,

पर उम्मीद की किरण से, नहीं टूटता है उनका सपना।

खेतों में मेहनत, और पूजा की कहानी,

किसानों की मेहनत, बनती हमारी जुबानी।

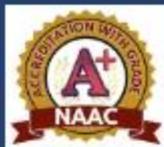

आओ सलाम करें, उन अन्नदाताओं को,
जिनके बिना अधूरी है, हमारी हर कामना।

धरती का श्रृंगार, मेहनत की मूरत,

किसानों का जीवन, है सच्ची सरहद।
